Hooyman Splitting Wedge Safety Instructions

Introduction

Thank you for choosing the Hooyman Splitting Wedge. This guide provides essential safety instructions to ensure your safe and effective use of the product. It is important to read and understand these instructions before using the splitting wedge to prevent accidents and injuries.

General Safety Guidelines

- Always read the product manual and safety instructions before use.
- Ensure that the splitting wedge is used only for its intended purpose.
- Keep the working area clear of bystanders, especially children and pets.
- Wear appropriate personal protective equipment (PPE) including gloves, safety goggles, and sturdy footwear.
- Inspect the splitting wedge for any damage before each use. Do not use if damaged.
- Store the splitting wedge in a dry and secure location when not in use.
- Be aware of your surroundings and avoid using the splitting wedge in wet or slippery conditions.

Specific Safety Precautions for Use

- Ensure the wood you are splitting is stable and securely positioned.
- Do not attempt to split wood that is too large or beyond the capacity of the splitting wedge.
- Use the splitting wedge on a solid, flat surface to prevent slipping.
- Keep hands and feet clear of the wedge and the striking area at all times.
- Do not strike the wedge with excessive force that could cause it to break or shatter.
- If using a hammer or mallet to strike the wedge, ensure it is in good condition and appropriate for the task.
- Never place your body directly in line with the wedge when striking.

Instructions for Installation and Usage

1. Preparation:

- Choose a safe, stable location for splitting wood.
- Gather all necessary equipment, including the splitting wedge and a hammer or mallet.

2. Using the Splitting Wedge:

- Position the splitting wedge at the center of the log or piece of wood you intend to split.
- Ensure that the wedge is firmly seated in the wood before striking.
- Use a hammer or mallet to strike the top of the wedge firmly but controlled.
- Repeat the striking process as necessary until the wood splits.

3. PostUse:

- Remove the splitting wedge from the wood once the splitting is complete.
- Clean the wedge to remove any debris or sap.
- Store the wedge in its designated location to prevent unauthorized use.

Disposal Instructions

- Dispose of the Hooyman Splitting Wedge responsibly at the end of its life cycle.
- If the splitting wedge is damaged beyond repair, consider recycling the metal components where

possible.

- Follow local regulations for disposal of tools and equipment.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the official Hooyman website or your local retailer for assistance. Always ensure you have the latest information regarding product recalls or safety notices.

By following these safety instructions, you can ensure a safe and effective experience while using the Hooyman Splitting Wedge. Thank you for your attention to safety!
