Hooyman 14ft Pole Saw Safety Instructions

Introduction

Thank you for choosing the Hooyman 14ft Pole Saw. This product is designed for effective land management and provides a modern aesthetic along with superior performance. To ensure safe and effective use of this tool, please read the following safety instructions carefully.

General Safety Guidelines

- Always read and understand the user manual before operating the pole saw.
- Ensure that the pole saw is used only for its intended purpose as described in the manual.
- Keep the work area clean and welllit to prevent accidents.
- Always wear appropriate personal protective equipment (PPE) such as gloves, safety goggles, and sturdy footwear.
- Be aware of your surroundings and ensure that no bystanders are within the operating area.
- Do not operate the pole saw if you are tired, under the influence of drugs or alcohol, or if you are not feeling well.
- Regularly inspect the tool for any damage or wear before use. Do not use if damaged.
- Ensure that children and pets are kept at a safe distance while operating the pole saw.

Specific Safety Precautions for Use

- Use the nonslip HGRIP™ handle for a secure grip during operation.
- Always maintain a firm footing and balance when using the pole saw.
- Never extend the pole saw beyond its locked position; doing so may cause loss of control.
- Be cautious of falling branches or debris while cutting.
- Avoid cutting overhead if possible; if necessary, ensure you have a clear area below.
- Always cut at a downward angle to prevent the saw from binding.
- Do not attempt to cut materials that exceed the recommended specifications of the pole saw.
- If the saw becomes jammed, turn it off and disconnect it from any power source before attempting to clear the jam.

Instructions for Installation and Usage

1. Assembly:

- Remove the pole saw from the packaging and ensure all components are present.
- Attach the extension pole securely to the saw head, ensuring it is locked in place.
- Ensure that the blade is sharp and free from debris before use.

2. Preparation for Use:

- Choose a suitable work area that is free from obstacles and hazards.
- Ensure the area is clear of bystanders and pets.
- Wear appropriate PPE before starting the saw.

3. Operating the Pole Saw:

- Stand in a stable position with feet shoulderwidth apart.
- Grip the HGRIP™ handle firmly.
- Start the pole saw following the manufacturer's instructions.
- Begin cutting at a slow and controlled pace, adjusting your position as necessary for stability.
- After completing the cut, turn off the saw and allow the blade to come to a complete stop before

moving it.

4. PostUse Care:

- Clean the blade and remove any debris after use.
- Store the pole saw in a dry place, away from children and pets.
- Regularly check and maintain the tool according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of the pole saw and any components in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your Hooyman 14ft Pole Saw. Thank you for your attention to safety!
