

Viper HS 6-24x50 - VORTEX OPTICS Viper HS-T 6-24x50 VMR-1 MOA

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The Viper HST is ideal for a wide range of shooting applications. Blending many of the best features from Vortex's incredibly popular Viper PST and Viper HS riflescopes, the Viper HST (Hunting Shooting Tactical) riflescope is built on an ultra-strong 30mm one-piece machined aluminum tube to deliver increased windage and elevation travel and optimal adjustment. An advanced optical system highlighted with a 4x zoom range provides magnification versatility. A forgiving eye box with increased eye relief gets shooters on target quickly and easily. Incredibly precise, repeatable and durable tactical windage and elevation turrets built specifically for dialing, along with its hashmark-based reticle, top off this highly versatile riflescope's long-range performance features.

VORTEX OPTICS Viper HS 624x50 and Viper HST 624x50 VMR1 MOA Safety Instructions

Introduction

Thank you for choosing the VORTEX OPTICS Viper HS 624x50 and Viper HST 624x50 riflescopes. These highperformance optical devices are designed for hunting, shooting, and tactical applications. To ensure your safety and the optimal performance of your product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always handle the riflescope with care to avoid damage.
- Store the riflescope in a safe and dry environment when not in use.
- Regularly check the product for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always use the riflescope in a safe environment, away from unauthorized individuals.
- Do not look directly at the sun through the riflescope, as this can cause severe eye damage.
- Ensure that the riflescope is securely mounted to your firearm before use.
- Use appropriate eye protection when using the riflescope, particularly during shooting activities.
- Familiarize yourself with the controls and features of the riflescope before use.
- Ensure the riflescope is properly zeroed before engaging in shooting activities.
- Do not attempt to disassemble or modify the riflescope.

Instructions for Installation and Usage

Installation

- Follow the manufacturer's guidelines for mounting the riflescope to your firearm.
- Use a compatible mounting system that is rated for the weight and size of the riflescope.
- Ensure that all mounting screws are tightened securely to prevent movement during use.
- Check the alignment and level of the riflescope after installation.

Usage

- Adjust the magnification and focus according to your shooting needs.
- Use the side focus parallax adjustment to eliminate parallax error at various distances.
- Utilize the exposed tactical turrets for precise windage and elevation adjustments.
- Make sure to maintain a proper shooting position to take advantage of the eye relief.
- After use, clean the lenses with a soft, dry cloth to maintain clarity.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the riflescope in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your VORTEX OPTICS riflescope!
