

Venom Red Dot 3 MOA

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

Make your AR, pistol, or shotgun even more poisonous with the Venom Red Dot sight. A 3 MOA dot promotes rapid target acquisition, while providing a precise point of aim - getting shots down range and on target fast. The durable, machined aluminum housing ensures the unit will stand up to whatever you throw at it. High-quality, fully multi-coated lens offers a clean, wide field of view. Our top-load system makes changing the CR 1632 battery a snap and alleviates the need to remove the sight when switching the power source. The power and dot intensity controls are conveniently located on the left side of the unit. Flush 1 MOA windage and elevation adjustments are super sleek and make sighting in a breeze.

VORTEX OPTICS Venom Red Dot Safety Instruction Guide

Introduction

Thank you for choosing the VORTEX OPTICS Venom Red Dot sight. This guide provides essential safety instructions and usage information to ensure the safe and effective operation of your sight. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure the sight is used in accordance with all local laws and regulations.
- Always treat any firearm with the utmost respect and follow firearm safety rules.
- Keep the sight and all firearms out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of damage or malfunction before use.
- Avoid exposing the sight to extreme temperatures, moisture, or harsh chemicals.
- Report any unsafe products or accidents associated with this sight to the relevant authorities.

Specific Safety Precautions for Use

- Do not look directly at the sun through the sight, as this may cause permanent eye damage.
- Ensure the sight is securely mounted to your firearm before use.
- Use the sight only with compatible firearms as specified in the product documentation.
- Avoid using the sight while under the influence of drugs or alcohol.
- Be mindful of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

Installation

1. Mounting the Sight:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Attach the Venom Red Dot sight to the Picatinny rail of your firearm using the provided mount.
- Tighten the mounting screws securely, ensuring the sight is stable and does not move.

2. Battery Installation:

- Locate the topload battery compartment on the sight.
- Open the compartment and insert a CR 1632 battery, ensuring the positive (+) side is facing up.
- Close the compartment securely.

Usage

1. Powering On/Off:

- Use the power button located on the left side of the unit to turn the sight on or off.

2. Adjusting Dot Intensity:

- Use the intensity control located on the left side to adjust the brightness of the dot according to your environment.

3. Sighting In:

- Use the flush 1 MOA windage and elevation adjustments to zero in your sight. Adjust as necessary to align with your point of aim.

4. Cleaning the Lens:

- Use a soft, lintfree cloth to clean the lens. Avoid using harsh chemicals or abrasive materials.

Disposal Instructions

- Dispose of the sight and any associated components in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Follow local guidelines for battery disposal or recycling.

Contact Information for Further Support

For further assistance, please refer to the official VORTEX OPTICS website or reach out to your local retailer. Always ensure you have the latest information regarding product safety and updates.

Thank you for your attention to these safety instructions. Enjoy your VORTEX OPTICS Venom Red Dot sight responsibly!
