

Razor UHD Binocular - VORTEX OPTICS Razor UHD 18x56 Binocular

[Optics & Mounting](#) > [Binoculars & Accessories](#) > [Binoculars](#)

Thanks to the extensive experience that the Vortex Optics team has in creating riflescopes and spotting scopes, transferring that technology over into a cutting-edge pair of binoculars was a no-brainer. That's why the Vortex Razor UHD Binoculars are some of the best binos on the market for observing your environment on a hunt or in a tactical situation. Each pair of Vortex Razor UHD Binoculars are treated with a special blend of XR Plus lens coatings, which allow more light into the lens for better low-light observation. Dielectric coatings on the lens prism also ensures that sight picture remains bright and clear in low light. The Abbe Koenig prism and UHD Optical System are contained inside a magnesium housing, which keeps the entire package lightweight while maintaining strength and durability.

VORTEX OPTICS Razor UHD Binocular Safety Instruction Guide

Introduction

Thank you for choosing the VORTEX OPTICS Razor UHD Binoculars. This guide provides essential safety instructions to ensure the safe and effective use of your binoculars. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the product's features and functions.
- Always use the binoculars responsibly and in accordance with the manufacturer's instructions.
- Keep binoculars out of reach of children to prevent accidents.
- Do not use the binoculars for any purpose other than their intended use.
- Regularly inspect the binoculars for any signs of damage or wear. If any issues are found, cease use immediately and seek support.
- Be aware of your surroundings when using binoculars, especially in outdoor environments.

Specific Safety Precautions for Use

- Avoid looking directly at the sun through the binoculars, as this can cause serious eye damage.
- Use the binoculars in a stable position to prevent falls or accidents.
- When adjusting the focus, do so gently to avoid damaging the internal components.
- Be cautious when using the binoculars in lowlight conditions to prevent tripping or falling.
- If the binoculars become wet, dry them thoroughly before storing to prevent mold and mildew.

Instructions for Installation and Usage

1. **Unpacking:** Carefully remove the binoculars from the packaging. Check for any visible damage.
2. **Adjusting the Eyecups:** If you wear glasses, twist the eyecups down. If you do not wear glasses, twist them up for optimal viewing.
3. **Focusing the Binoculars:**
 - Close your right eye and look through the left eyepiece.
 - Use the center focus wheel to adjust the clarity of the image.
 - Open your right eye and close your left eye; adjust the right eyepiece until the image is clear.
4. **Using the Binoculars:**
 - Hold the binoculars with both hands.
 - Bring them to your eyes and look through the eyepieces.
 - Adjust the focus as necessary.
5. **Storing the Binoculars:** When not in use, store the binoculars in a cool, dry place. Use the provided case for protection.

Disposal Instructions

- Dispose of the binoculars in accordance with local regulations.
- Do not dispose of the binoculars in regular household waste.
- If the binoculars are damaged beyond repair, consider recycling the materials where possible.

Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's contact information provided with your product.

Thank you for your attention to these safety guidelines. Enjoy your VORTEX OPTICS Razor UHD Binoculars responsibly!
