

IcePlate Curve Sleeve - Black

[Emergency & Survival Gear](#) > [Water & Hydration](#) > [Water Storage](#)

Includes:

- 1x IcePlate Sleeve
- 1x 96" of OneWrap for MOLLE mounting

IcePlate Sleeve advances our vision for modular thermoregulation and hydration. By harnessing the full power of the water we already carry on duty, IcePlate Curve is now more convenient than ever with IcePlate Sleeve. IcePlate Sleeve only needs to be mounted to your kit once to make exchanging empty IcePlate Curves as easy as changing an empty magazine.

AVAILABLE

OPTIMIZED - Optimized for IcePlate Exo compatibility

UNIVERSAL - works with any plate carrier with a 6x4 MOLLE field and/or a hook and loop Velcro field

VENTILATED - dual-face laser-cut MAPs double as ventilation ports

CAPABLE - Built from the same high-tech, ultra-strong, ultra-light, hydrophobic HMWPE used to build IcePlate Exo

LIGHTWEIGHT - IcePlate Sleeve is 30% lighter than IMS Flex, weighing in at a mere 4.2 ounces. Laser-cut negative MAPs (MOLLE Attachment Points built by removing, not adding, material)

AMBIDEXTROUS - Accepts both Left and Right Exit IcePlate Curve to work for both right-handed and left-handed shooters

STREAMLINED - Laser-cut Drink Tube Routing Ports on Left, Right and Top keep your hose as low profile and tight to your kit as you want or need

RELIABLE - bottom zipper closure is out, Velcro bottom closure is in with the Hook Velcro field on the inside of IcePlate Sleeve to prevent contact with clothing or uniforms

PURPOSE-BUILT - Can accept any IcePlate Curve or Medium ESAPI armor plate to give you maximum versatility for your cooling, heating, hydration and protection needs

FLAT - conformal design geometry with IcePlate Curve delivers the flattest, strongest and most capable plate carrier cooling/heating/hydration system ever built

MODULAR - dual-side MAPs let you carry your water and preserve your MOLLE field

Designed and manufactured in the USA from US materials.

QORE PERFORMANCE, INC. IcePlate Curve Sleeve Safety Instruction Guide

Introduction

Thank you for choosing the QORE PERFORMANCE, INC. IcePlate Curve Sleeve. This guide provides essential safety instructions to ensure the safe and effective use of your IcePlate Sleeve. Please read this document carefully before use to understand how to operate the product safely and responsibly.

General Safety Guidelines

- **Product Safety:** The IcePlate Curve Sleeve is designed to be safe for all users when used as intended. Ensure that you follow all instructions and precautions provided in this guide.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be informed through standardized notices. Please stay updated on any recalls related to this product.
- **Online Shopping Protections:** If purchased online, you have the same safety protections as if you bought it in a physical store. Ensure that you buy from reputable sellers.
- **Special Consumer Focus:** This product is not intended for children. Keep it out of reach of minors to prevent any misuse or accidents.
- **EU Contact Point:** For any safety inquiries, please refer to your local EU consumer protection agency.
- **Rapid Alerts:** Stay informed about any product safety updates through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended capacity of the IcePlate Sleeve. Overloading may compromise its structural integrity.
- **Inspect Before Use:** Always inspect the IcePlate Sleeve for any signs of damage or wear before each use. Do not use if damaged.
- **Proper Mounting:** Ensure that the IcePlate Sleeve is securely mounted to your kit. Improper mounting may lead to accidents or loss of the product.
- **Ventilation:** Ensure that the ventilation ports are not obstructed to maintain optimal performance of the product.
- **Hydration Caution:** When using the IcePlate Curve for hydration, ensure that the water is clean and safe for consumption.
- **Heat and Cold Safety:** Be cautious when using the IcePlate Curve for heating or cooling. Extreme temperatures may cause burns or frostbite.
- **Proper Disposal:** Dispose of the IcePlate Sleeve responsibly. Follow local regulations for the disposal of plastic and synthetic materials.

Instructions for Installation and Usage

1. Installation:

- Unpack the IcePlate Sleeve and OneWrap.
- Identify a suitable location on your plate carrier with a 6x4 MOLLE field or a hook and loop Velcro field.
- Securely mount the IcePlate Sleeve using the OneWrap provided. Ensure it is tightly fastened to prevent movement during use.

2. Using the IcePlate Curve:

- Insert the IcePlate Curve into the sleeve once it is securely mounted.
- Ensure that the IcePlate Curve is oriented correctly for optimal hydration and temperature

regulation.

- Use the lasercut Drink Tube Routing Ports to position the drinking tube as desired.

3. Maintaining the Product:

- After use, clean the IcePlate Sleeve according to the manufacturer's instructions.
- Store the IcePlate Sleeve in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the IcePlate Sleeve in accordance with local environmental regulations.
- Do not incinerate or dispose of in regular household waste if local laws prohibit it.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding safety, please refer to your local consumer protection agency or the manufacturer's website for more information.

By following these guidelines, you can ensure the safe and effective use of your QORE PERFORMANCE, INC. IcePlate Curve Sleeve. Thank you for your attention to safety and for choosing our product.
