Dillon XL750 Progressive Reloading Machine

Safety Instructions

Introduction

Thank you for choosing the Dillon XL750 Progressive Reloading Machine for Rifle Calibers. This guide provides essential safety instructions to ensure the safe and effective use of your reloading machine. Please read this manual thoroughly before operating the machine.

General Safety Guidelines

- **Product Safety:** The Dillon XL750 is designed to be safe when used according to the instructions provided. Always follow these guidelines to minimize risks.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. Regularly check for updates to ensure your safety.
- **Online Shopping:** If you purchased this product online, ensure that the platform complies with safety standards.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Be aware of the Safety Gate system for timely information on unsafe products.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Ensure that the machine is set up on a stable, level surface.
 - Be cautious of moving parts during operation.
 - Avoid wearing loose clothing or jewelry that could become entangled in the machine.
- **Avoiding Hazards:**
 - Always use the machine in accordance with the manufacturer's instructions.
 - Do not exceed the recommended load capacity.
 - Keep hands and other body parts clear of moving components.
 - Ensure that the machine is unplugged when not in use or when changing dies.
- **AgeSpecific Warnings:**
 - This machine is not suitable for individuals under the age of 18.
 - Ensure that all users are trained in the safe operation of the reloading machine.

Instructions for Installation and Usage

- **Installation:**
 - Place the Dillon XL750 on a sturdy reloading bench.
 - Ensure the machine is securely fastened to prevent movement during operation.
 - If using the optional electric case feeder, install it according to the manufacturer's instructions.
- **Usage:**
 - Before starting, ensure that all components are properly installed and secured.

- Check that the die set is compatible with the cartridges you intend to reload.
- Follow the stepbystep reloading process as outlined in the user manual.
- Regularly inspect the machine for any signs of wear or damage before each use.

- **Maintenance:**

- Clean the machine after each use to prevent buildup of debris.
- Lubricate moving parts as specified in the maintenance section of the user manual.
- Replace worn or damaged parts immediately to maintain safe operation.

Disposal Instructions

- **Disposal of the Machine:**

- When the machine reaches the end of its life cycle, dispose of it in accordance with local regulations.
- Remove any hazardous materials, such as oils or lubricants, before disposal.

- **Recycling:**

- Consider recycling components where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the Dillon XL750 Progressive Reloading Machine, please refer to the appropriate support channels. Ensure you have the product details at hand for efficient assistance.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your Dillon XL750 Progressive Reloading Machine. Always prioritize safety and adhere to the guidelines provided.
