Dillon XL750 Progressive Reloading Machine

Safety Instruction Guide

Introduction

Thank you for choosing the Dillon XL750 Progressive Reloading Machine. This guide provides essential safety instructions to ensure your safe and effective use of the machine. Please read this document carefully before using the product to understand the potential hazards and necessary precautions.

General Safety Guidelines

- **Product Safety:** Always ensure that the reloading machine is used in accordance with the manufacturer's instructions. This product is designed for safe use when operated correctly.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a notice regarding the Dillon XL750, follow the instructions provided for safe return or remedy.
- **Online Shopping:** Whether purchased online or instore, ensure that you are aware of the safety requirements associated with your purchase.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that only adults operate the machine.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay updated on potential safety alerts by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Before operating the Dillon XL750, read the entire user manual to familiarize yourself with the machine's features and safety instructions.
- **Keep Workspace Clean:** Maintain a clean and organized workspace to prevent accidents and ensure efficient operation.
- **Wear Safety Gear:** Always wear appropriate safety gear, including safety glasses and hearing protection, when using the reloading machine.
- **Check for Damage:** Inspect the machine for any signs of damage or wear before each use. Do not operate if there are any concerns regarding its condition.
- **Use Appropriate Components:** Only use components that are compatible with the Dillon XL750. This includes dies, shell holders, and other accessories.
- **Avoid Distractions:** Focus on the task at hand and avoid distractions while operating the machine.
- **Follow Load Data:** Adhere strictly to the recommended load data for the cartridges you are reloading. Incorrect loads can lead to dangerous malfunctions.
- **Store Properly:** When not in use, store the machine in a safe and dry location, out of reach of children and pets.

Instructions for Installation and Usage

1. Installation:

- Choose a stable and level surface for the machine.
- Secure the machine to the workbench using the provided mounting hardware to prevent movement during operation.
- If using the optional electric case feeder, install it according to the manufacturer's instructions.

2. Setup:

- Ensure that all components, including dies and shell holders, are correctly installed before use.

- Check that the powder measure is calibrated and functioning properly.

3. **Operation:**

- Follow the stepbystep instructions in the user manual for reloading cartridges.
- Always operate the machine with both hands to maintain control.
- Do not exceed the machine's loading capacity as specified in the manual.

4. **PostUse Care:**

- Clean the machine after each use to prevent residue buildup.
- Inspect all components for wear and replace as necessary.

Disposal Instructions

- **Disposal of Components:** Dispose of any nonfunctioning parts or materials in accordance with local regulations.
- **Recycling:** Where applicable, recycle materials such as metal and plastic to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Dillon XL750 Progressive Reloading Machine, please refer to the customer service contact provided by the retailer or manufacturer. It is important to reach out for assistance if you experience any issues or have safetyrelated inquiries.

By following these safety instructions, you can ensure a safe and efficient reloading experience with the Dillon XL750 Progressive Reloading Machine. Thank you for prioritizing safety in your reloading activities.
