Dillon XL750 Progressive Reloading Machine

Safety Instructions

Introduction

Thank you for choosing the Dillon XL750 Progressive Reloading Machine for Rifle Calibers. This guide provides essential safety instructions to ensure safe and effective use of your reloading machine. Please read this manual thoroughly before using the machine and keep it for future reference.

General Safety Guidelines

- Always follow the manufacturer's instructions and safety guidelines.
- Ensure the reloading machine is used in a wellventilated area.
- Keep the work area clean and organized to prevent accidents.
- Store all components, including powder and primers, in a safe, dry place away from children and pets.
- Wear appropriate safety gear, including safety glasses and hearing protection, when operating the machine.
- Be aware of your surroundings and ensure that no one else is near the machine while in use.
- Regularly inspect the machine for any signs of wear or damage. Do not use if damaged.
- Do not overload the machine beyond its recommended capacity.
- Keep hands and clothing away from moving parts to avoid injury.
- If you experience any issues or malfunctions, stop using the machine immediately and consult the troubleshooting section of this manual.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Ensure that the machine is connected to a properly grounded outlet.
 - Do not operate the machine with wet hands or in damp conditions.
- **Handling Components:**
 - Always handle powder and primers with care. Follow the manufacturer's guidelines for storage and handling.
 - Use only the recommended die set for your specific cartridge.
- **Reloading Process:**
 - Never leave the machine unattended while in operation.
 - Do not attempt to modify or alter the machine in any way.
 - Always doublecheck that you are using the correct components for your desired load.

Instructions for Installation and Usage

Installation

1. **Choose a Suitable Location:**
 - Select a sturdy, stable workbench that can support the weight of the machine.
 - Ensure there is adequate space around the machine for safe operation.
2. **Assemble the Machine:**
 - Follow the assembly instructions provided in the product manual.
 - Ensure all parts are securely attached before use.
3. **Install Optional Accessories:**
 - If using the electric case feeder, follow the installation instructions carefully.
 - Ensure that all accessories are compatible with the Dillon XL750.

Usage

1. **Prepare for Reloading:**
 - Gather all necessary components, including cases, powder, and primers.
 - Set up your dies according to the specifications for the cartridge you are loading.
2. **Loading Process:**
 - Follow the stepbystep loading process outlined in the product manual.
 - Monitor the machine throughout the reloading process for any irregularities.
3. **PostReloading Procedures:**
 - After reloading, clean the machine to prevent any buildup of powder residue.
 - Store all components safely and securely.

Disposal Instructions

- Dispose of all reloading components, such as empty cases and used primers, in accordance with local regulations.
- Do not dispose of powder in regular trash. Check with local waste management authorities for proper disposal methods.
- Ensure that any damaged or nonfunctioning parts of the machine are disposed of safely to prevent injury.

Contact Information for Further Support

For any questions or concerns regarding the Dillon XL750 Progressive Reloading Machine, please consult the manufacturer's website or your local dealer for assistance. Always ensure that you have the latest information regarding safety recalls or updates.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the Dillon XL750 Progressive Reloading Machine!
