Dillon XL750 Progressive Reloading Machine

Safety Instructions

Introduction

Thank you for choosing the Dillon XL750 Progressive Reloading Machine. This document provides essential safety instructions and guidelines to ensure the safe operation of your reloading machine. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the reloading machine is used in a wellventilated area.
- Keep the work area clean and free from clutter to prevent accidents.
- Store all components and materials out of reach of children and pets.
- Always wear appropriate safety gear, including safety glasses and gloves.
- Follow all local laws and regulations regarding reloading ammunition.
- Do not exceed the recommended load specifications for any cartridges.
- Regularly inspect the machine for wear and tear, and replace any damaged components immediately.
- In case of any malfunction, discontinue use and consult the manufacturer.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Be aware of the potential for injury from moving parts during operation.
- Take caution when handling powders and primers, as they are flammable and can be hazardous.
- Ensure that all tools and accessories are compatible with the Dillon XL750.

- **Avoiding Hazards:**

- Never attempt to operate the machine with any safety guards removed.
- Do not overload the machine beyond its specified capacity.
- Always doublecheck the setup before commencing reloading to ensure everything is secure.
- Avoid distractions while operating the machine.

- **Age Restrictions:**

- This product is intended for use by adults only. Do not allow children to operate or be near the machine during use.

Instructions for Installation and Usage

- **Installation:**

- Place the Dillon XL750 on a sturdy, stable workbench.
- Ensure the machine is level to prevent any operational issues.
- If using the optional electric case feeder, follow the manufacturer's instructions for installation.

- **Usage:**

- Before starting, read the reloading manual thoroughly.
- Set the machine according to the specifications for the cartridge you are reloading.
- Use the appropriate die set, which must be ordered separately.

- Load components carefully, following the sequence outlined in the reloading manual.
- Monitor the reloading process continuously; do not leave the machine unattended while in operation.

Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Recycle packaging materials when possible.
- Do not dispose of hazardous materials in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or operational issues, please contact your local Dillon representative or authorized dealer.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the Dillon XL750 Progressive Reloading Machine.
