Safety Instruction Guide for Dillon XL750 Progressive Reloading Machine

Introduction

Thank you for purchasing the Dillon XL750 Progressive Reloading Machine for Pistol Calibers. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading machine. Please read this document carefully before operating the machine.

General Safety Guidelines

- Always read and understand the user manual before use.
- Keep the machine out of reach of children and vulnerable individuals.
- Use the machine only for its intended purpose—reloading ammunition for personal use.
- Ensure a clean and organized workspace to avoid accidents.
- Wear appropriate safety gear, including safety glasses and hearing protection.
- Always inspect the machine for any damage or wear before use.
- Never leave the machine unattended while in operation.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from moving parts.
- Risk of burns from hot components.
- Risk of explosion from improper handling of ammunition components.

- **Avoiding Hazards:**

- Keep hands and clothing away from moving parts during operation.
- Allow the machine to cool down before touching hot surfaces.
- Store all components, including powder and primers, in a safe and secure location.
- Use the machine in a well-ventilated area to avoid inhaling fumes.
- Follow all local laws and regulations regarding ammunition reloading.

- **Age Restrictions:**

- This machine is intended for use by individuals aged 18 and older.
- Minors should always be supervised by an adult when around the machine.

Instructions for Installation and Usage

- **Installation:**

1. Choose a stable and level workbench for installation.
2. Ensure the work area is clean and free of obstructions.
3. Secure the Dillon XL750 to the workbench using the provided mounting hardware.
4. If using the optional electric case feeder, follow the specific installation instructions included with that component.

- **Usage:**

1. Before starting, ensure that all tools and components are ready and within reach.
2. Set the machine to the desired caliber and ensure the die set is properly installed.
3. Load the primer tray and powder hopper according to the manufacturer's instructions.
4. Follow the stepbystep reloading process as outlined in the user manual.
5. Monitor the operation closely and stop immediately if any irregularities occur.

Disposal Instructions

- Dispose of all used components, such as empty cases and spent primers, in accordance with local regulations.
- Do not dispose of hazardous materials, such as gunpowder, in regular trash. Follow local guidelines for hazardous waste disposal.
- Ensure that all materials are secured and kept out of reach of children and pets.

Contact Information for Further Support

For any questions or concerns regarding the Dillon XL750 Progressive Reloading Machine, please refer to the product manual or contact your local Dillon representative for assistance.

By following these safety guidelines, you can help ensure a safe and enjoyable reloading experience with your Dillon XL750 Progressive Reloading Machine. Thank you for your attention to safety.
