Dillon XL750 Progressive Reloading Machine

Safety Instructions

Introduction

Thank you for choosing the Dillon XL750 Progressive Reloading Machine for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading machine. Please read this manual carefully before operating the machine.

General Safety Guidelines

- Always read and understand the instruction manual before using the machine.
- Ensure that the machine is used in a wellventilated area to avoid the accumulation of harmful fumes.
- Keep the work area clean and free of clutter to prevent accidents.
- Store all reloading components, including powder and primers, in a safe and secure location away from children and pets.
- Wear appropriate personal protective equipment, including safety glasses and gloves, when using the machine.
- Be aware of your surroundings and ensure that no one is in close proximity while operating the machine.
- Follow all local laws and regulations regarding the use of reloading equipment and components.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Be aware of the potential hazards associated with reloading, including the risk of fire and explosion from improper handling of gunpowder and primers.
 - Ensure that all components are compatible with the Dillon XL750 and that you are using the correct die set for your chosen cartridges.
- **Avoiding Hazards:**
 - Never exceed the recommended load limits for your cartridges.
 - Do not use damaged or worn components. Inspect all parts before use.
 - Keep your hands and clothing away from moving parts to avoid injury.
 - Do not leave the machine unattended while in operation.
- **AgeSpecific Warnings:**
 - This machine is intended for use by adults only. Ensure that minors are supervised and educated about the risks associated with reloading.

Instructions for Installation and Usage

- **Installation:**
 - Choose a stable, level surface for your machine, ensuring it is securely mounted to prevent movement during use.
 - Follow the manufacturer's instructions for installing any optional components, such as the electric case feeder or strong mount.
- **Usage:**

- Load the machine according to the instructions provided in the manual. Ensure that all components are properly seated and secured.
- Start the reloading process by following the stepbystep instructions outlined in the user manual.
- Monitor the operation of the machine continuously and address any issues immediately.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular trash. Contact your local waste management authority for proper disposal methods.
- Ensure that all packaging materials are disposed of responsibly to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Dillon XL750 Progressive Reloading Machine, please refer to the manufacturer's official website or contact their customer service for assistance.

Important Reminders

- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

By following these safety instructions, you can ensure a safer reloading experience with your Dillon XL750 Progressive Reloading Machine. Thank you for prioritizing safety.
