## Safety Instruction Guide

### Introduction

Thank you for choosing the Dillon XL750 Progressive Reloading Machine for Pistol Calibers. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading machine. Please read this document carefully before using the product.

### General Safety Guidelines

- **Product Safety:** Always ensure that the Dillon XL750 is used according to the instructions provided. This machine is designed for reloading ammunition and should not be used for any other purpose.
- **Enhanced Recalls:** Stay informed about any recall notices regarding the Dillon XL750. If you receive a notice, follow the instructions provided for remedy.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements. Verify the product's authenticity and safety compliance.
- **Special Consumer Focus:** Keep the machine out of reach of children and vulnerable individuals. This product is not intended for use by individuals under the age of 18.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety and recalls.

### Specific Safety Precautions for Use

- **Read the Manual:** Thoroughly read the user manual before operating the Dillon XL750.
- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when reloading ammunition to protect against potential hazards.
- **Work Area:** Ensure your work area is clean, welllit, and free of distractions. Avoid working in damp or wet conditions.
- **Electrical Safety:** If using the optional electric case feeder, ensure that the electrical connections are secure and that the machine is properly grounded.
- **Handling Components:** Always handle powder, primers, and other reloading components with care. Store them in a cool, dry place away from direct sunlight and heat sources.
- **Die Set:** Remember that a die set must be ordered separately. Ensure that the die set is compatible with the Dillon XL750 before use.
- **Machine Operation:** Do not operate the machine if you are tired, under the influence of drugs or alcohol, or distracted.
- **Maintenance:** Regularly inspect the machine for wear and tear. Perform routine maintenance as specified in the manual to ensure safe operation.

### Instructions for Installation and Usage

#### 1. Unpacking the Machine:

- Carefully remove the Dillon XL750 from its packaging.
- Ensure all components are present and undamaged.

#### 2. Setting Up the Machine:

- Place the Dillon XL750 on a sturdy, stable workbench.
- For optimal performance, the machine height from the bench should be 32" without the electric case feeder and 38 1/2" with it installed.

- If using the optional Strong Mount, follow the instructions provided with that accessory.

### **3. Installing the Die Set:**

- Order the appropriate die set separately.
- Follow the manufacturer's instructions to install the die set securely.

### **4. Using the Machine:**

- Load the appropriate caliber components into the machine as specified in the user manual.
- Perform a test run with dummy rounds to ensure proper function before reloading live ammunition.
- Monitor the reloading process closely, and never leave the machine unattended while in operation.

### **5. Cleaning and Maintenance:**

- After use, clean the machine according to the maintenance instructions in the user manual.
- Regularly check for any loose bolts or parts and tighten as necessary.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Follow local guidelines for the disposal of hazardous materials, including primers and gunpowder.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon XL750 Progressive Reloading Machine, please refer to the manufacturer's customer service resources or the user manual for additional support.

Thank you for prioritizing safety while using the Dillon XL750 Progressive Reloading Machine. Your adherence to these guidelines will help ensure a safe reloading experience.
