# Dillon XL750 / XL650 / RL550 Accessories Machine Maintenance Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon XL650 Machine Maintenance Kit. This kit is designed to help you maintain your Dillon Precision reloader effectively. Regular maintenance ensures your reloader operates safely and performs at its best. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product in compliance with EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the maintenance kit is used only for its intended purpose.
- Keep the maintenance kit out of reach of children and vulnerable individuals.
- Always read the instructions before using the maintenance kit.
- Regularly inspect all components of the maintenance kit for any signs of damage or wear.
- Use personal protective equipment as needed (e.g., safety glasses, gloves).
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Compressed Air:**
  - Use in a wellventilated area.
  - Do not point the nozzle at yourself or others.
  - Wear safety goggles to protect your eyes from debris.
- **Lubricating Grease:**
  - Avoid contact with skin. If contact occurs, wash with soap and water.
  - Keep away from open flames as it is flammable.
- **Pipe Cleaners and Nylon Brush:**
  - Use with care to avoid damaging sensitive components of the reloader.
  - Ensure that no bristles are left behind after cleaning.
- **Spare Parts:**
  - Use only the parts provided in the kit to ensure compatibility and safety.
  - Follow proper installation procedures to avoid assembly errors.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the reloader is unplugged and not in use.
- Gather all tools and supplies from the maintenance kit.

### 2. Cleaning:

- Use the compressed air to blow out dust and debris from the reloader.
- Employ the nylon brush and pipe cleaners to clean hardto reach areas.

### 3. Lubrication:

- Use the lubricating grease syringe to apply grease to moving parts as specified in the reloader's manual.
- Avoid overlubrication, which can attract dirt and debris.

#### **4. Replacement of Parts:**

- Refer to the parts list included in the spare parts kit.
- Follow the reloader's manual for specific instructions on replacing parts.

#### **5. Final Inspection:**

- After maintenance, inspect the reloader to ensure all parts are securely in place and clean.
- Plug in the reloader and perform a brief test to ensure it operates correctly.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of lubricants or chemicals down the drain. Follow local hazardous waste disposal guidelines.
- Recycle packaging materials when possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon XL650 Machine Maintenance Kit, please refer to the product manual or contact the manufacturer directly. Ensure you have your product information ready for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective maintenance experience with your Dillon XL650 Machine Maintenance Kit. Regular maintenance not only enhances the performance of your reloader but also ensures your safety during operation. Thank you for prioritizing safety!
