# Dillon XL750 / XL650 / RL550 Accessories Safety Instruction Guide

## Introduction

Thank you for choosing the Dillon XL750 / XL650 / RL550 Accessories XL750 Maintenance Kit and Spare Parts Kit. Your Dillon Precision reloader requires regular cleaning and maintenance to ensure that it operates at peak performance. This guide provides essential safety instructions and guidelines to help you use the product safely and effectively.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is used in accordance with the manufacturer's specifications.
- Keep the product out of the reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage to the product.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling lubricants and cleaning supplies.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the reloader is unplugged or disconnected from power sources before performing maintenance or cleaning.
- Use compressed air in a wellventilated area to avoid inhalation of dust or debris.
- Avoid using excessive force when cleaning or maintaining the reloader to prevent damage.
- Do not use flammable materials for cleaning or lubrication.
- Always follow the manufacturer's instructions for the use of lubricating grease and other supplies included in the kit.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and supplies from the XL750 Maintenance Kit.
- Ensure that you are in a clean, dry, and wellventilated workspace.

### 2. Cleaning the Reloader

- Disconnect the reloader from any power source.
- Use the nylon brush to gently remove any debris from the reloader's components.
- Use compressed air to blow out any remaining dust or particles.

### 3. Lubrication

- Use the lubricating grease syringe to apply grease to the moving parts of the reloader.
- Ensure that you do not overlubricate, as this can attract dirt and debris.

### 4. Replacing Spare Parts

- Consult the XL 750 Spare Parts Kit for replacement parts.
- Follow the instructions provided with the spare parts for proper installation.

- Ensure that all parts are securely fastened and functioning correctly before using the reloader again.

## 5. Final Checks

- After cleaning and maintenance, perform a visual inspection of the reloader to ensure all components are in good condition.
- Reconnect the power source and conduct a test run to verify proper operation.

## Disposal Instructions

- Dispose of any used lubricants and cleaning supplies in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in general waste; check for specific recycling or disposal guidelines in your area.

## Contact Information for Further Support

For further support, please refer to the manufacturer's website or customer service resources. Always ensure you have the correct information for safety inquiries and product support.

By following these guidelines, you can help ensure safe and effective use of your Dillon Precision reloader and its accessories. Thank you for your attention to safety and proper maintenance practices.
