# Safety Instruction Guide for Dillon XL750 / XL650 / RL550 Accessories Gold Anodized XL750/650 Toolhead

## Introduction

Thank you for choosing the Dillon XL750 / XL650 / RL550 Accessories Gold Anodized XL750/650 Toolhead. This product is designed to enhance your reloading experience while ensuring safety and efficiency. Please read this safety instruction guide carefully to understand how to use the toolhead safely and effectively.

## General Safety Guidelines

- Always read and follow the manufacturer's instructions and safety guidelines.
- Keep the toolhead and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the toolhead for any signs of wear, damage, or malfunction before use.
- Use the toolhead only for its intended purpose as specified by the manufacturer.
- Do not modify or alter the toolhead in any way.
- Ensure that the work area is clean and free from obstructions before using the toolhead.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.

## Specific Safety Precautions for Use

- Ensure that the toolhead is securely attached to the reloading press before use.
- Do not exceed the manufacturer's recommended load limits for the toolhead.
- Always doublecheck the caliber or load type before starting the reloading process.
- Be aware of any potential hazards related to the specific components you are using (e.g., primers, powders).
- Avoid distractions while reloading to maintain focus and safety.
- If you experience any unusual sounds or resistance while using the toolhead, stop immediately and inspect it for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is turned off and unplugged (if applicable).
- Remove any existing toolhead from the press.
- Align the new Gold Anodized Toolhead with the mounting points on the press.
- Securely fasten the toolhead according to the manufacturer's instructions.
- Confirm that the toolhead is properly installed and does not wobble.

### 2. Usage:

- Set up your reloading components (brass, primers, powder, bullets) in accordance with your reloading recipe.
- Begin the reloading process by cycling the press handle smoothly and steadily.
- Monitor the reloading process closely, ensuring that each step is completed correctly before proceeding to the next.
- After reloading, clean the toolhead to remove any debris or residue.

## **Disposal Instructions**

- Dispose of the toolhead and any associated materials in accordance with local regulations.
- Do not dispose of the toolhead in regular household waste if it is damaged or contains hazardous materials.
- Contact your local waste management facility for information on proper disposal methods for aluminum and other materials.

## **Contact Information for Further Support**

For any inquiries or concerns regarding safety, usage, or product recalls, please contact the manufacturer or your local distributor. Ensure you have your product details ready for quick assistance.

## **Conclusion**

Your safety is our priority. By following these guidelines, you can ensure a safe and effective reloading experience with your Dillon XL750 / XL650 / RL550 Accessories Gold Anodized XL750/650 Toolhead. Always stay informed and proactive about safety measures when using reloading equipment. Thank you for your attention to these important safety instructions.
