# Dillon XL750 / XL650 / RL550 Accessories Blue Anodized XL750/650 Toolhead Safety Instructions

## Introduction

Thank you for choosing the Dillon XL750 / XL650 / RL550 Accessories Blue Anodized Toolhead. This guide provides essential safety instructions to ensure the safe and effective use of your toolhead. Please read this document thoroughly before installation and use.

## General Safety Guidelines

- Ensure that the toolhead is compatible with your Dillon reloading press model (XL750, XL650, or RL550).
- Always follow the manufacturer's instructions for installation and usage.
- Keep the toolhead and all reloading components out of reach of children and vulnerable individuals.
- Regularly inspect the toolhead for signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for updates on product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Before operating the reloading press, ensure that all components are securely attached and functioning correctly.
- Do not exceed the recommended load limits for your specific caliber or load type.
- Always wear appropriate safety gear, including safety glasses and hearing protection, while reloading.
- Avoid distractions while using the reloading press, and ensure that your workspace is clean and organized.
- Never attempt to modify the toolhead or any other reloading components.
- Be aware of the potential hazards associated with reloading, including the use of gunpowder and primers. Follow all safety protocols for handling these materials.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is unplugged or in a safe position before installation.
- Remove the existing toolhead from the press by following the manufacturer's instructions.
- Align the new blue anodized toolhead with the mounting points on the press.
- Securely fasten the toolhead using the provided screws or fasteners, ensuring it is properly seated.
- Doublecheck that all connections are tight and secure before proceeding.

### 2. Usage:

- Set up your reloading components according to the specific caliber or load type you are using.
- Follow the reloading process as outlined in your Dillon reloading press manual.
- Monitor the operation of the toolhead during use to ensure it is functioning correctly.
- If any unusual noises or malfunctions occur, stop using the toolhead immediately and inspect for issues.

## Disposal Instructions

- Dispose of the toolhead in accordance with local regulations for aluminum and metal recycling.
- If the toolhead is damaged beyond repair, ensure it is recycled properly to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon XL750 / XL650 / RL550 Accessories Blue Anodized Toolhead, please refer to the manufacturer's website or contact your local distributor for assistance.

Thank you for your attention to these safety instructions. Enjoy safe and effective reloading with your new toolhead!
