# Dillon XL 750 / XL 650 Caliber Conversion Kit

## Safety Instructions

### Introduction

Thank you for choosing the Dillon XL 750 / XL 650 Caliber Conversion Kit for Rifle Calibers. This product is designed to enhance your reloading experience with the Dillon XL750 and XL650 presses. To ensure safe and effective use, please read this safety instruction guide thoroughly before using the product.

### General Safety Guidelines

- Always read and follow the manufacturer's instructions and safety guidelines.
- Inspect the conversion kit for any damage or wear before use.
- Use the conversion kit only for its intended purpose and compatible calibers.
- Keep the conversion kit and all reloading components out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during use.
- Ensure that your workspace is clean, organized, and welllit to minimize risks.
- Follow all local laws and regulations regarding ammunition reloading.

### Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use may lead to accidents, including injuries from misfires or equipment malfunctions.
- Ensure that all tools and equipment are in good working condition before use.

- **Avoiding Hazards:**

- Always doublecheck that the correct caliber is set before starting the reloading process.
- Do not exceed the recommended load limits for the cartridges being reloaded.
- Never leave the reloading process unattended.
- Do not use damaged or worn components in your reloading setup.
- If you notice any unusual sounds or operations during use, stop immediately and inspect the equipment.

- **Age and AudienceSpecific Warnings:**

- This product is intended for use by individuals who are knowledgeable about reloading and are of legal age to handle ammunition in their jurisdiction.
- Keep the conversion kit away from children and individuals who are not trained in safe reloading practices.

### Instructions for Installation and Usage

- **Installation:**

1. Ensure that the Dillon XL750 or XL650 press is turned off and unplugged.
2. Remove any existing conversion kits or tools from the press.
3. Carefully follow the provided instructions to install the Dillon XL 750 / XL 650 Caliber Conversion Kit for the desired caliber.
4. Secure all components tightly and ensure that there are no loose parts.
5. Recheck the installation to confirm that everything is in place and secure.

- **Usage:**

1. Once the installation is complete, plug in and turn on the press.
2. Set the press to the appropriate settings for the caliber you are using.
3. Load the press with the correct components (cases, primers, powder, and bullets) as per the reloading guidelines.
4. Follow the reloading process step by step, ensuring that you adhere to all safety precautions.
5. After reloading, inspect the finished cartridges for quality and safety before use.

## **Disposal Instructions**

- Dispose of any unused or expired components in accordance with local regulations.
- Do not dispose of hazardous materials (such as primers and powder) in regular trash.
- Contact your local waste management authority for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon XL 750 / XL 650 Caliber Conversion Kit, please consult the manufacturer's website or customer service resources.

Remember to always stay informed about product recalls and safety updates through the EU's Safety Gate platform. Your safety is paramount, and we encourage you to report any unsafe products or incidents to the appropriate authorities.

Thank you for your attention to these safety instructions, and happy reloading!
