Dillon XL 750 / XL 650 Caliber Conversion Kit

Safety Instructions

Introduction

Thank you for choosing the Dillon XL 750 / XL 650 Caliber Conversion Kit for Pistol Calibers, specifically the 7mm TCU. This product is designed for use with Dillon XL750 and XL650 reloading presses, allowing you to convert your press for various calibers. It is essential to follow these safety instructions to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep this manual in a safe place for future reference.
- Ensure that the product is used only for its intended purpose.
- Use the product in a wellventilated area to avoid inhalation of any fumes.
- Store the product in a dry, secure location away from children and pets.
- Inspect the product regularly for damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition and reloading practices.
- Wear appropriate safety gear, including eye protection, when operating the reloading press.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted to a stable work surface.
- Do not exceed the recommended load limits for the Dillon XL 750 / XL 650.
- Always doublecheck the caliber settings before starting the reloading process.
- Keep hands and other body parts clear of moving parts during operation.
- Avoid distractions while reloading to maintain focus on the task at hand.
- In case of a malfunction, stop using the product immediately and consult the manufacturer.
- Be aware of the potential hazards associated with handling gunpowder and primers.

Instructions for Installation and Usage

Installation

1. Ensure that the Dillon XL 750 / XL 650 reloading press is unplugged and not in operation.
2. Remove any existing conversion kit or dies from the press.
3. Carefully unpack the Dillon XL 750 / XL 650 Caliber Conversion Kit.
4. Install the conversion kit according to the following steps:
 - Align the conversion kit with the press according to the manufacturer's instructions.
 - Secure the kit using the appropriate screws or fasteners provided in the package.
 - Make sure all components are tightly fastened and properly aligned.
5. Once installed, check the kit for any loose parts or misalignments.

Usage

1. Prepare your workspace by ensuring it is clean and organized.
2. Gather all necessary materials, including brass cases, primers, powder, and bullets.
3. Set up the Dillon XL 750 / XL 650 for the specific caliber you are using:
 - Adjust the die settings according to the specific requirements for 7mm TCU.
 - Ensure that the powder measure is calibrated correctly.
4. Follow these steps to reload:
 - Insert an empty brass case into the shell holder.
 - Activate the press to perform the resizing and depriming process.

- Add a primer to the case using the primer feed system.
 - Measure and dispense the correct amount of powder into the case.
 - Seat the bullet into the case mouth and crimp if necessary.
5. Inspect each round for proper assembly before storing or using.

Disposal Instructions

- Dispose of any unused or expired components in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular trash. Contact local authorities for proper disposal methods.
- Recycle packaging materials when possible.

Contact Information for Further Support

For any questions or concerns regarding the Dillon XL 750 / XL 650 Caliber Conversion Kit, please refer to the manufacturer's website or contact their customer service department for assistance.

By following these safety instructions, you can ensure a safe and successful reloading experience with your Dillon XL 750 / XL 650 Caliber Conversion Kit. Always prioritize safety and stay informed about best practices in reloading.
