

# Strong Mounts - Dillon RL550/XL650/XL750 Strong Mount

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Increase the stability of your reloading bench with Dillon's new Strong Mounts. These heavy gauge steel Strong Mounts increase the machine's "foot-print" to over 10", spreading the load over the bench instead of stressing the leading edge. Strong Mounts raise your machine 6" to 8", providing a comfortable work height for people who prefer to stand while reloading. This mount is for both the RL 550 series presses as well as the XL750 and XL650. Mount height = 8 1/2" This mount includes RL 550 loaded cartridge bin bracket, and is coated with a durable black wrinkle finish.

# Dillon Strong Mounts Safety Instruction Guide

## Introduction

Thank you for choosing the Dillon Strong Mounts for your Dillon RL550, XL650, or XL750 reloading press. This guide provides essential safety instructions to ensure the safe and effective use of the Strong Mounts. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that the Strong Mounts are used only for the intended purpose of stabilizing Dillon reloading presses.
- Always inspect the Strong Mounts for any signs of damage or wear before each use.
- Keep the area around the reloading bench clean and free of clutter to prevent accidents.
- Ensure that the reloading press is securely mounted to the Strong Mounts before operation.
- Do not exceed the weight limit of the Strong Mounts as specified by the manufacturer.
- Always follow the manufacturer's instructions for the use of the reloading press and associated equipment.
- Store the Strong Mounts in a dry place when not in use to prevent rust and corrosion.

## Specific Safety Precautions for Use

- Always position the Strong Mounts on a sturdy and level surface to ensure stability during operation.
- If using the Strong Mounts in a workshop or garage, ensure adequate lighting to avoid accidents.
- Be cautious of sharp edges or metal parts during installation and handling.
- Do not allow children or pets near the reloading area while the Strong Mounts are in use.
- If you experience any unusual noise or instability while using the reloading press, stop operation immediately and inspect the Strong Mounts.

## Instructions for Installation and Usage

### 1. Installation

- Unpack the Strong Mounts and check all components for completeness.
- Place the Strong Mounts on a sturdy, level surface.
- Align the mounting holes of the reloading press with the mounting holes on the Strong Mounts.
- Secure the reloading press to the Strong Mounts using the provided hardware. Ensure all bolts are tightened according to the manufacturer's specifications.
- Verify that the reloading press is stable and securely mounted before proceeding to use.

### 2. Usage

- Adjust the height of the reloading press as needed, ensuring it is comfortable for standing use.
- Always use the reloading press according to the manufacturer's instructions.
- Regularly check that the Strong Mounts remain secure and stable during use.

## Disposal Instructions

- Dispose of any packaging materials responsibly by recycling where possible.
- If the Strong Mounts are no longer usable, dispose of them according to local regulations for metal waste.
- Do not discard the Strong Mounts in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon Strong Mounts, please refer to the manufacturer's contact information provided with your product.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Dillon Strong Mounts. Thank you for prioritizing safety and compliance with EU General Product Safety Regulations.
