

## Strong Mounts - Dillon XL650/XL750 Strong Mount

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Increase the stability of your reloading bench with Dillon's new Strong Mounts. These heavy gauge steel Strong Mounts increase the machine's footprint to more than 10", spreading the load over the bench instead of stressing the leading edge of it. Strong Mounts raise your machine 6" to 8", providing a comfortable work height for people who prefer to stand while reloading. For some XL 750 and XL 650 owners, overhead clearance can become a problem, so we designed a mount especially for this application. The XL 750/650 only mount raises the machine 6 3/4" above the bench top. The Strong Mount is coated with a durable black wrinkle finish, and comes with the fasteners necessary to mount your machine.

# Dillon XL650/XL750 Strong Mount Safety Instructions

## Introduction

Thank you for choosing the Dillon XL650/XL750 Strong Mount. This product is designed to enhance the stability of your reloading bench, providing a safe and comfortable working environment. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always ensure that the Strong Mount is installed according to the provided instructions.
- Regularly inspect the Strong Mount for any signs of wear or damage.
- Only use the Strong Mount with compatible Dillon reloading machines (XL650 and XL750).
- Ensure the reloading bench is stable and capable of supporting the weight of the mounted machine.
- Keep the installation area clear of clutter and obstacles to prevent accidents.
- Ensure that children and vulnerable individuals are supervised and kept away from the installation and usage area.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Weight Limits:** Ensure that the combined weight of the Strong Mount and the reloading machine does not exceed the load capacity of your reloading bench.
- **Overhead Clearance:** When using the Strong Mount, check for sufficient overhead clearance to avoid accidents.
- **Fasteners:** Use only the provided fasteners for installation. Do not substitute with other materials.
- **Standing Height:** If you prefer to stand while reloading, ensure that the height adjustment is suitable for your comfort and safety.
- **Maintenance:** Regularly check the stability of the Strong Mount and tighten any loose fasteners as needed.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the Strong Mount, fasteners, and a suitable wrench.
- Ensure that your reloading bench is clean and free from debris.

### 2. Installation:

- Position the Strong Mount on your reloading bench, ensuring it is centered and stable.
- Use the provided fasteners to securely attach the Strong Mount to the bench. Ensure all fasteners are tightened properly.
- If using the XL 750/650 only mount, ensure it is adjusted to raise the machine 6 3/4" above the bench top.

### 3. Mounting the Reloading Machine:

- Carefully place your Dillon XL650 or XL750 on the Strong Mount.
- Ensure the machine is securely positioned and stable before use.

#### **4. Usage:**

- Always operate the reloading machine according to its specific instructions.
- Maintain a clean work area and keep tools and materials organized.

### **Disposal Instructions**

- When disposing of the Strong Mount, follow local regulations for metal waste disposal.
- If the Strong Mount is damaged or no longer in use, ensure that it is disposed of in a manner that prevents accidents or injury.

### **Contact Information for Further Support**

For any inquiries or concerns regarding the Dillon XL650/XL750 Strong Mount, please contact the manufacturer or your local distributor. Ensure that you have the product details available for reference.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Dillon XL650/XL750 Strong Mount. Thank you for your attention to safety and compliance.
