

XL750 / XL650 / RL550 Accessories - Dillon Roller Handle Aluminum

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Dillon's accessory handle gives your reloader an entirely new "feel." A roller handle reduces operator fatigue during long reloading sessions and makes primer seating easier. Fits the RL550 and XL750 & 650 loaders.

Dillon Roller Handle Safety Instruction Guide

Introduction

Thank you for choosing the Dillon Roller Handle, designed for use with Dillon XL750, XL650, and RL550 reloading presses. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective reloading experience.

General Safety Guidelines

- Always read and understand the instruction manual before using the Dillon Roller Handle.
- Ensure that the reloading press is in good working condition before installation.
- Keep the work area clean and free from distractions while reloading.
- Store the roller handle in a safe location out of reach of children.
- Use the roller handle only for its intended purpose as specified by the manufacturer.
- Regularly inspect the roller handle for wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the roller handle only with compatible Dillon reloading presses (XL750, XL650, RL550).
- Ensure that your hands are dry and free from any substances that may affect grip.
- Avoid using excessive force while operating the handle to prevent injury.
- Do not operate the reloading press while distracted or under the influence of substances.
- Keep loose clothing, hair, and jewelry away from moving parts during operation.
- If you feel any unusual resistance or hear strange noises during operation, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Installation:

- Disconnect the reloading press from its power source before installation.
- Remove the existing handle from the reloading press by unscrewing it.
- Align the Dillon Roller Handle with the handle shaft of the reloading press.
- Securely fasten the roller handle in place according to the manufacturer's instructions.
- Ensure that the handle moves freely and is properly aligned before use.

2. Usage:

- Stand in a comfortable position with a stable stance while using the reloading press.
- Grip the roller handle firmly but not excessively tight.
- Operate the handle in a smooth, controlled manner to seat primers and perform reloading tasks.
- Take regular breaks during long reloading sessions to prevent fatigue.

Disposal Instructions

- Dispose of the roller handle and any packaging materials in accordance with local regulations.
- Do not dispose of the roller handle in regular household waste if it is damaged or broken.
- Contact your local waste disposal authority for guidance on proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support regarding the Dillon Roller Handle, please refer to the official Dillon website or customer service resources.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with your Dillon Roller Handle. Remember to prioritize safety and stay informed about any updates or recalls related to your product. Thank you for your attention to these important safety measures.
