# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers User Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically the 270 Weatherby Magnum. This guide provides essential safety instructions and guidelines to ensure the safe use of your reloading equipment. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines when using this product.
- Ensure that the workspace is clean, welllit, and free of distractions.
- Store the kit and components out of reach of children and unauthorized individuals.
- Inspect all parts of the kit before use for any signs of damage or wear.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling materials.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion and injury.
- Keep a fire extinguisher nearby when reloading, as powder and primers can be flammable.
- Report any unsafe products or accidents to local authorities.

## Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed the recommended load specifications for the 270 Weatherby Magnum.
- Avoid using any components that are not specifically designed for this kit.
- Never leave the reloading press unattended while in use.
- Follow all local laws and regulations regarding the reloading of ammunition.
- Keep the area free of clutter and remove any unnecessary items that could cause accidents.
- Be cautious of static electricity when handling powder and primers.
- Always doublecheck powder charges before seating bullets to prevent overloading.

## Instructions for Installation and Usage

### Installation

1. **Unpack the Kit:** Carefully remove all components from the packaging. Ensure that you have the shellplate, powder funnel, and locator buttons.
2. **Inspect Components:** Check all parts for damage or defects. Do not use any damaged components.
3. **Mount the Shellplate:**
  - Align the shellplate with the reloading press.
  - Secure it in place according to the manufacturer's instructions.
4. **Install the Powder Funnel:**
  - Attach the powder funnel to the appropriate station on the reloading press.
5. **Set Locator Buttons:**
  - Position the locator buttons as per the reloading press specifications to ensure proper alignment during operation.

## Usage

1. **Prepare the Work Area:** Ensure the workspace is clean and organized.
2. **Load the Components:**
  - Place the appropriate brass cases into the shellplate.
  - Measure and add the correct amount of powder using the funnel.
3. **Seating Bullets:** Carefully seat the bullets according to the specifications for the 270 Weatherby Magnum.
4. **Final Inspection:** After reloading, inspect each cartridge for proper assembly and function.
5. **Store Reloaded Ammunition:** Keep reloaded ammunition in a safe, designated area away from children and unauthorized users.

## Disposal Instructions

- Dispose of all packaging materials responsibly by recycling where possible.
- Follow local regulations for the disposal of any hazardous materials, including spent primers and unused powder.
- Ensure that all components are disposed of in a manner that does not pose a risk to the environment or public safety.

## Contact Information for Further Support

For any questions or concerns regarding the use of your Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's contact information provided in the product packaging or consult the official website for support resources.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Happy reloading!
