Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your conversion kit. Please read this document thoroughly before installation and use.

General Safety Guidelines

- Always ensure that your reloading equipment is in good working condition before use.
- Keep the workspace clean and organized to prevent accidents.
- Use the conversion kit only for its intended purpose.
- Store the kit and all reloading components out of reach of children and vulnerable individuals.
- Wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Follow all local laws and regulations regarding the use of reloading equipment and components.
- Regularly check for product recalls and updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are familiar with the reloading press and its components before using the conversion kit.
- Do not exceed the recommended load limits for the cartridges you are using.
- Use only the specified components as outlined in the kit's instructions.
- Avoid distractions while reloading to maintain focus and attention.
- If you notice any unusual sounds or malfunctions during operation, stop immediately and inspect the equipment.
- Never leave the reloading press unattended while in use.
- Ensure that the area is well-ventilated when working with powders and primers.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components before starting the installation.
- Ensure that your reloading press is clean and free from debris.

2. Installation

- Remove any existing shellplate from your reloading press.
- Install the new shellplate included in the conversion kit by following these steps:
 - Align the shellplate with the press and secure it according to the manufacturer's instructions.
 - Ensure that it is firmly in place and does not wobble.

3. Powder Funnel and Locator Buttons

- Attach the powder funnel to the shellplate.
- Insert the locator buttons into their designated positions to guide the cartridges during the reloading process.

4. Usage

- Set up your reloading press according to the manufacturer's instructions.
- Load the appropriate cartridges into the shellplate.
- Follow the reloading procedure stepbystep, ensuring that each stage is completed before moving on to the next.

5. PostUsage

- After reloading, clean the equipment thoroughly to prevent residue buildup.
- Store the conversion kit and any unused components in a safe and dry location.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not throw away hazardous materials in regular trash. Contact local waste management for proper disposal methods.

Contact Information for Further Support

For safety inquiries or assistance, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit. Thank you for prioritizing safety in your reloading practices.
