Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read and understand all safety guidelines before using the kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Keep the conversion kit and all components out of reach of children and pets.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Inspect all components for damage or wear before use. Do not use any damaged parts.
- Follow all local, state, and national laws regarding the handling and use of ammunition and reloading equipment.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhaling any dust or fumes generated during the reloading process.
- Do not eat, drink, or smoke while using the reloading equipment to prevent contamination.
- Ensure that the reloading press is securely mounted and stable before beginning any reloading activities.
- Keep your workspace organized and free of clutter to minimize the risk of accidents.
- Use only the specific components provided in this conversion kit. Mixing parts from different kits can lead to malfunctions or accidents.
- Be aware of the specific caliber you are reloading and ensure that all components are compatible with that caliber.
- Never exceed the recommended load data for the specific caliber you are using.

Instructions for Installation and Usage

Installation

1. **Gather Tools:** Ensure you have all necessary tools and components for installation.
2. **Remove Old Shellplate:** If applicable, remove the existing shellplate from the reloading press.
3. **Install New Shellplate:**
 - Align the new shellplate with the mounting points on the reloading press.
 - Secure the shellplate in place according to the manufacturer's instructions.
4. **Install Powder Funnel:**
 - Insert the powder funnel into the designated area of the shellplate.
 - Ensure it is seated properly to avoid any leaks or spills.
5. **Attach Locator Buttons:**
 - Place the locator buttons in their respective positions to ensure proper alignment during reloading.

Usage

1. **Check Compatibility:** Make sure all components are compatible with the 218 Bee caliber.
2. **Load Components:**
 - Follow the manufacturer's recommendations for loading powder and bullets.
 - Ensure that the powder is measured accurately to avoid overloads.
3. **Begin Reloading:**
 - Operate the reloading press according to the manufacturer's instructions.
 - Monitor the process closely to identify any irregularities or issues.
4. **Inspect Finished Rounds:**
 - After reloading, inspect all finished rounds for any defects or inconsistencies.
 - Store completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused or expired components in accordance with local regulations.
- Do not dispose of reloading materials or components in regular household waste.
- Check with local waste management authorities for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience. Thank you for your attention to safety. Enjoy your reloading process!
