# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically designed for 8mm Remington Mag. This guide provides essential safety instructions to ensure the safe and effective use of your conversion kit. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the conversion kit is compatible with your machine model (RL300, RL450, RL550, AT500, or BL550).
- Use the kit only for its intended purpose as described in the manual.
- Keep the conversion kit out of reach of children and vulnerable individuals.
- Regularly inspect the kit for wear and damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when operating the reloading press.
- Do not exceed the recommended load specifications for the 8mm Remington Mag cartridge.
- Ensure that the workspace is clean, dry, and free from distractions while using the reloading press.
- Avoid using damaged or worn components in the conversion kit.
- Do not attempt to modify or alter the conversion kit in any way.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is turned off and unplugged before installation.
- Remove any existing shellplate from the reloading press.
- Select the appropriate shellplate for the 8mm Remington Mag from the conversion kit.
- Install the new shellplate securely onto the reloading press.
- Attach the powder funnel included in the kit, ensuring it fits snugly.
- Insert the locator buttons into the designated positions for accurate cartridge alignment.

### 2. Usage:

- Prepare your workspace by ensuring all tools and materials are within reach.
- Load the appropriate components for reloading the 8mm Remington Mag cartridge.
- Follow the reloading process as outlined in the reloading press manual.
- Monitor the operation continuously to ensure proper functioning and safety.
- After use, clean the conversion kit components to maintain their condition.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw the conversion kit or its parts into regular waste.

- Check with local authorities for proper disposal methods for materials used in ammunition reloading.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the official Dillon Precision website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Dillon Caliber Conversion Kit. Thank you for your commitment to safety and responsible reloading practices.
