# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your conversion kit for the 357 Herrett cartridge.

## General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that all components are properly assembled before operation.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including eye protection, when using the reloading press.
- Do not exceed the recommended load specifications for the 357 Herrett cartridge.
- Ensure that the work area is clean and free of distractions while operating the reloading press.
- Always doublecheck that the shellplate and powder funnel are correctly installed before use.
- Avoid using the product if you are tired or under the influence of substances that may impair your judgment.

## Instructions for Installation and Usage

### Installation

1. **Unpack the Kit:** Carefully remove the shellplate, powder funnel, and locator buttons from the packaging.
2. **Inspect Components:** Check each component for damage or defects before installation.
3. **Install Shellplate:**
  - Align the shellplate with the reloading press.
  - Secure the shellplate using the provided fasteners.
4. **Attach Powder Funnel:**
  - Insert the powder funnel into the designated opening on the shellplate.
  - Ensure it is firmly seated and does not wobble.
5. **Set Locator Buttons:**
  - Position the locator buttons in their respective slots on the shellplate.
  - Make sure they are properly aligned for accurate cartridge placement.

### Usage

1. **Preparation:**
  - Gather all necessary materials, including empty brass cases, powder, and primers.
  - Ensure that your work area is wellventilated and organized.
2. **Loading Process:**
  - Start by placing an empty brass case into the shellplate.
  - Follow the reloading process as outlined in your Dillon reloading press manual.
  - Monitor the powder charge to ensure it is within safe limits.

### **3. Final Inspection:**

- After reloading, inspect each cartridge for proper seating and powder levels.
- Store completed cartridges in a safe and secure location.

## **Disposal Instructions**

- Dispose of any unused or expired components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of hazardous materials in regular trash; follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or support needs, please refer to the appropriate contact resources provided with your product packaging or user manual.

Thank you for prioritizing safety while using the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit. Your adherence to these guidelines will help ensure a safe and enjoyable reloading experience.
