# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety instructions to ensure the safe and effective use of your conversion kit. Please read and follow these instructions carefully to minimize risks and enhance your reloading experience.

## General Safety Guidelines

- Always handle reloading equipment with care to avoid accidents.
- Follow all manufacturer instructions and guidelines when using the conversion kit.
- Store all components in a dry, cool place away from direct sunlight.
- Keep the conversion kit and all reloading components out of reach of children and unauthorized users.
- Inspect the conversion kit regularly for wear or damage before each use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the conversion kit is compatible with your reloading press model (RL300, RL450, RL550, AT500, or BL550).
- Do not exceed the recommended load limits specified by the manufacturer.
- Avoid using damaged or worn components, including the shellplate and powder funnel.
- Always check that the shellplate is securely attached before starting the reloading process.
- Use only the correct caliber components as specified for the 2520 Winchester cartridge.
- Be aware of the potential hazards associated with handling gunpowder and primers, including fire and explosion risks.
- Keep your workspace clean and organized to prevent accidents and ensure efficient operation.

## Instructions for Installation and Usage

### 1. Installation of the Conversion Kit:

- Unpack the conversion kit components (shellplate, powder funnel, locator buttons) from the packaging.
- Ensure that your reloading press is turned off and unplugged before installation.
- Remove the existing shellplate from your reloading press.
- Install the new shellplate by aligning it with the press and securing it in place according to the manufacturer's instructions.
- Attach the powder funnel into the appropriate position on the shellplate.
- Insert locator buttons as needed to ensure proper alignment and functionality.

### 2. Usage Instructions:

- Before reloading, doublecheck that all components are correctly installed and secure.
- Follow the reloading procedure as outlined in your reloading press manual, ensuring to use the correct settings for the 2520 Winchester cartridge.
- Monitor the reloading process closely to ensure that all components function as intended.
- After reloading, inspect the finished cartridges for any defects or irregularities.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Never dispose of gunpowder or primers in regular trash. Contact your local waste management authority for proper disposal methods.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or contact their customer support team.

Thank you for prioritizing safety while using your Dillon conversion kit. Enjoy your reloading experience!
