Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This kit is designed to ensure safe and efficient reloading of ammunition. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Keep all tools and components out of reach of children and unauthorized individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling components.
- Store the kit in a dry and secure location when not in use.
- Regularly inspect the kit for wear and tear; replace any damaged components immediately.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the machine is turned off and unplugged before installation or maintenance.
- Do not exceed the recommended specifications for cartridge types and weights.
- Avoid using the kit if you are under the influence of drugs or alcohol.
- Handle all components with care to avoid damaging them or causing injury.
- Be aware of the potential hazards associated with reloading ammunition, including:
 - Explosions from improper handling of gunpowder.
 - Injury from sharp edges on components.
 - Risk of burns from hot surfaces.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components before starting the installation.
- Ensure that your reloading machine is compatible with the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit.

2. Installation

- Turn off and unplug the reloading machine.
- Remove the existing shellplate and powder funnel from the machine.
- Install the new shellplate and powder funnel included in the kit:
 - Align the shellplate with the machine's mounting points.
 - Secure the shellplate in place using the provided screws.
 - Insert the powder funnel into the designated opening.
- Attach locator buttons as needed to ensure proper alignment.

3. Usage

- Once installation is complete, plug in and turn on the machine.
- Follow the manufacturer's instructions for loading and operating the machine.

- Monitor the reloading process closely to ensure safety and efficiency.

4. PostUsage

- After reloading, turn off and unplug the machine.
- Clean the components to remove any residue or debris.
- Store the kit and machine in a secure location.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw away the components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please consult the manufacturer or authorized dealers for support and assistance.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to these important guidelines.
