Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety instructions to ensure the safe use of your product. Please read this document carefully before using the kit.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe operation and maintenance.
- Ensure that the workspace is clean, dry, and welllit before using the conversion kit.
- Keep the kit and all reloading components out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading components.
- Be aware of your surroundings and do not distract others while using the kit.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Cartridge Specificity:** This kit is designed specifically for the 22 PPC cartridge. Do not use it with other calibers unless explicitly stated.
- **Check for Damage:** Before use, inspect all components of the kit (shellplate, powder funnel, locator buttons) for any signs of damage or wear. Do not use damaged components.
- **Powder Handling:** When working with gunpowder, ensure that it is stored in a cool, dry place and away from any sources of ignition.
- **Ventilation:** Ensure proper ventilation in your workspace to avoid inhalation of any harmful fumes from powder or primers.
- **Fire Safety:** Have a fire extinguisher rated for flammable materials nearby when reloading ammunition.

Instructions for Installation and Usage

1. Installation of Shellplate:

- Remove any existing shellplate from the reloading press.
- Align the new shellplate with the mounting holes and secure it using the provided screws.
- Ensure that the shellplate is firmly attached and does not wobble.

2. Installation of Powder Funnel:

- Insert the powder funnel into the designated opening of the shellplate.
- Ensure it is seated properly to prevent any spillage during operation.

3. Locator Buttons:

- Install the locator buttons into their respective positions on the shellplate.
- Ensure that they are firmly in place to guide the cartridges accurately during the reloading process.

4. Using the Reloading Press:

- Follow the manufacturer's instructions for operating the reloading press.
- Load the cartridges carefully, ensuring that each step is performed with precision.
- Monitor the powder charge and ensure it meets the specifications for the 22 PPC cartridge.

5. PostUse Care:

- After reloading, clean the components of the kit to remove any residue or debris.
- Store the kit in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not throw away hazardous materials in regular trash. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or contact their customer support for assistance.

Please remember that safe reloading practices not only protect you but also those around you. Always prioritize safety and follow these guidelines diligently.
