Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically the 32 Remington model. This guide provides essential safety instructions to ensure the safe and effective use of your reloading equipment. Please read this document thoroughly before using the product.

General Safety Guidelines

- Ensure that the reloading press is used in a wellventilated area to minimize exposure to dust and fumes.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading components.
- Keep the reloading area clean and organized to prevent accidents and ensure efficient operation.
- Store all reloading components, including powders and primers, in a secure and safe manner away from children and unauthorized individuals.
- Regularly inspect your reloading equipment for wear and damage. Replace any worn or damaged parts immediately.
- Be aware of your surroundings and ensure that no distractions are present while reloading.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The reloading process involves handling potentially hazardous materials, including gunpowder and primers.
- Improper handling can lead to fire hazards or accidental discharge of ammunition.

- **Avoiding Hazards:**

- Do not smoke or allow open flames near the reloading area.
- Always follow the manufacturer's instructions for the specific components you are using.
- Ensure that the reloading press is securely mounted and stable before use.
- Keep fingers and other body parts clear of moving parts during operation to prevent injury.
- Use the appropriate shellplate and powder funnel for the caliber you are reloading to avoid malfunctions.

- **AudienceSpecific Warnings:**

- This product is not intended for use by individuals under the age of 18. Ensure that only responsible adults operate the reloading press.
- Extra caution should be taken if inexperienced users are present.

Instructions for Installation and Usage

1. Installation:

- Unpack the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit components: shellplate, powder funnel, and locator buttons.
- Refer to your reloading press manual for specific installation instructions related to your model.

- Secure the shellplate onto the reloading press according to the manufacturer's guidelines.
- Attach the powder funnel and locator buttons as specified in the installation instructions.

2. Usage:

- Before starting the reloading process, ensure that all components are correctly installed and functioning.
- Set the desired charge weight using the powder measure, and verify it with a scale before loading.
- Load one cartridge at a time to maintain control and accuracy.
- After reloading, visually inspect each cartridge for proper assembly and powder levels.
- Store completed ammunition in a safe and organized manner, clearly labeling each container with the caliber and load data.

Disposal Instructions

- Dispose of any unused or expired reloading components according to local regulations.
- Do not throw away hazardous materials in regular trash. Instead, contact local waste management facilities for proper disposal methods.
- Ensure that all packaging materials are recycled where possible.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing Dillon products!
