Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit. This kit is designed for safe and efficient reloading of rifle calibers, including the 300 H&H, 300 Wby Mag, 30338 Win Mag, and 308 Norma Mag. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the workspace is clean, dry, and wellventilated.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as described in the manual.
- Regularly inspect the equipment for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when operating the reloading press.
- Ensure that the press is securely mounted to a stable surface to prevent tipping or movement during use.
- Keep hands and body clear of moving parts while the machine is in operation.
- Do not exceed the recommended load limits for the conversion kit.
- Avoid distractions while using the reloading press to maintain focus and control.
- Store all components of the conversion kit in a safe, dry place when not in use.

Instructions for Installation and Usage

Installation

1. Preparation:

- Gather all necessary tools and components: Shellplate, Powder funnel, and Locator buttons.
- Ensure the reloading press is unplugged and in a stable position.

2. Install Shellplate:

- Remove the existing shellplate from the press.
- Align the new shellplate with the mounting holes on the press.
- Secure the shellplate in place using the provided screws.

3. Attach Powder Funnel:

- Locate the powder funnel and insert it into the designated area on the shellplate.
- Ensure it fits snugly and is properly aligned.

4. Install Locator Buttons:

- Insert the locator buttons into their respective positions on the shellplate.
- Confirm that each button is fully seated and secure.

Usage

1. Setting Up:

- Ensure the press is powered and all components are securely installed.
- Adjust the settings according to the specific caliber you are reloading.

2. Reloading Process:

- Follow the reloading procedure for the specific caliber as per the Dillon reloading manual.
- Monitor the process closely and check for any irregularities.

3. PostUse:

- Clean the press and components after use to maintain performance.
- Store the conversion kit and any other accessories in a safe location.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or customer service channels. Ensure that you have the product details available for a quicker response.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Dillon Caliber Conversion Kit. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
