Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the kit.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, organized, and free from distractions.
- Keep the conversion kit and all associated tools out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling materials.
- Regularly inspect the kit for any signs of wear or damage before use.
- Do not modify the product in any way, as this may compromise safety.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before installation.
- Always verify that the correct shellplate and powder funnel are used for the caliber being loaded.
- Avoid overfilling the powder funnel to prevent spills and potential hazards.
- Keep fingers and hands clear of moving parts during operation.
- Do not leave the reloading press unattended while in use.
- Follow manufacturer guidelines regarding the use of compatible components.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring that the reloading machine is unplugged and not in operation.
- Remove any existing shellplate and powder funnel from the machine.
- Select the appropriate shellplate for the 375 H&H Magnum caliber from the conversion kit.
- Install the shellplate by aligning it with the machine's mounting points and securing it in place.
- Insert the powder funnel into the shellplate, ensuring it is seated correctly.
- Attach locator buttons if required, following the specific instructions provided in the kit.

2. Usage:

- Before starting the reloading process, doublecheck that all components are correctly installed.
- Load the appropriate caliber brass into the shellplate.
- Measure and pour the correct amount of powder into the funnel.
- Operate the reloading press according to the manufacturer's instructions, ensuring smooth and controlled movements.
- After reloading, inspect each round for proper assembly before storage or use.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw the product in regular household waste. Consult local recycling or hazardous waste guidelines for proper disposal methods.

- Ensure that any reloaded ammunition not meeting safety standards is disposed of safely and responsibly.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage of the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's official website or contact their customer support.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit. Thank you for your attention to safety.
