Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers 30 Herrett Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically designed for the 30 Herrett cartridge. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow all instructions carefully.

General Safety Guidelines

- Always use the conversion kit in accordance with the manufacturer's guidelines.
- Ensure that the reloading area is welllit, clean, and free from distractions.
- Store all reloading components, including this kit, out of reach of children and pets.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when using this product.
- Be aware of your surroundings and ensure that no unauthorized personnel are present in the reloading area during use.
- Regularly inspect the conversion kit and associated equipment for signs of wear or damage before each use.
- Follow all local laws and regulations regarding the reloading of ammunition.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper handling of reloading components can lead to accidents, including explosions or injuries.
- The powder funnel must be used correctly to avoid spills and potential ignition sources.
- Shellplates should be securely fastened to prevent them from coming loose during operation.

- **Avoiding Hazards:**

- Always doublecheck that the shellplate is properly aligned and secured before starting the reloading process.
- Do not exceed recommended powder loads as specified in reliable reloading manuals.
- Never leave the reloading process unattended.
- In case of a malfunction or unusual noise, stop using the machine immediately and inspect for issues.

- **AgeSpecific Warnings:**

- This product is not intended for use by individuals under the age of 18. Ensure that only qualified adults handle and operate the equipment.

Instructions for Installation and Usage

- **Installation:**

1. Ensure that the reloading press is unplugged and in a safe state before installation.
2. Remove the existing shellplate from the press by following the manufacturer's instructions.

3. Select the appropriate shellplate from the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit.
4. Install the new shellplate by securely fastening it according to the manufacturer's guidelines.
5. Attach the powder funnel and locator buttons as specified in the kit instructions.
6. Doublecheck all connections and fittings to ensure they are secure before use.

• **Usage:**

1. Prepare your reloading area by ensuring all necessary components are within reach.
2. Load the appropriate components (brass, primer, powder, and bullet) following safe reloading practices.
3. Operate the press according to the manufacturer's instructions, paying close attention to the reloading process.
4. Monitor the operation for any irregularities and stop immediately if any issues arise.
5. After reloading, clean the area and store all components safely.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local hazardous waste disposal regulations.
- Do not dispose of reloading components in regular household waste.
- Ensure that all materials are properly labeled and stored until they can be disposed of safely.

Contact Information for Further Support

For any inquiries regarding the safety or use of the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or contact their customer support for assistance.

Please remember that safety is a priority when using reloading equipment. Following these guidelines will help ensure a safe and successful reloading experience. Thank you for your attention to these important safety instructions.
