Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides important safety information and instructions to ensure proper use and handling of the product. Please read this document carefully before using the kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always read and follow the manufacturer's instructions and safety warnings.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the kit regularly for any signs of wear or damage.
- Use the product in a wellventilated area to avoid inhalation of any dust or particles.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the kit.
- Do not modify the product in any way. Unauthorized modifications may lead to safety hazards.
- In case of any malfunction or unusual behavior, discontinue use immediately and consult a qualified technician.

Specific Safety Precautions for Use

- Only use the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit with compatible Dillon reloading machines.
- Ensure that the shellplate, powder funnel, and locator buttons are properly installed before operation.
- Do not exceed the recommended load limits for your reloading machine.
- Always doublecheck the powder charge and bullet seating depth before proceeding with reloading.
- Store the conversion kit and all components in a cool, dry place away from direct sunlight and moisture.
- Dispose of any unused or excess materials in accordance with local regulations.

Instructions for Installation and Usage

1. Installation:

- Unbox the Dillon Caliber Conversion Kit and verify that all components (shellplate, powder funnel, locator buttons) are included.
- Refer to your Dillon reloading machine's manual for specific installation instructions.
- Install the shellplate by aligning it with the machine's indexing mechanism.
- Attach the powder funnel securely in the designated position.
- Insert the locator buttons into the appropriate slots to ensure proper alignment of cases.

2. Usage:

- Prepare your reloading workspace by ensuring it is clean and organized.
- Set the reloading machine to the appropriate settings for the 256 Winchester Mag caliber.
- Load the cases into the shellplate and ensure they are properly seated.
- Measure and dispense the powder charge using the powder funnel.
- Follow the reloading procedure as outlined in your Dillon reloading machine's manual.
- Monitor the reloading process closely and make adjustments as necessary.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- If the product or its components are no longer usable, follow local regulations for the disposal of hazardous materials.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or contact their customer support for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Dillon Caliber Conversion Kit. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention and safe reloading!
