Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon Caliber Conversion Kit for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your Dillon RL550, RL450, RL300, AT500, and BL550 machines. Please read this document carefully before using the product.

General Safety Guidelines

- Always ensure that the reloading area is clean, dry, and wellventilated.
- Keep the reloading equipment out of reach of children and pets.
- Use the conversion kit only with compatible Dillon machines as specified.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling reloading components.
- Be aware of the potential hazards associated with reloading, including the handling of gunpowder and primers.
- Regularly inspect your equipment for wear and damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Handling of gunpowder and primers can be hazardous. Avoid inhalation and skin contact.
 - Improper installation can lead to malfunction or damage to the reloading machine.
- **Avoiding Hazards:**
 - Always doublecheck that the machine is turned off and unplugged during installation or maintenance.
 - Do not overload the machine beyond its specified capacity.
 - Keep all components dry and free from contaminants.
- **AudienceSpecific Warnings:**
 - This product is not intended for use by individuals under the age of 18. Ensure that only responsible adults handle the reloading equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Dillon machine is turned off and unplugged.
- Remove any existing shellplate from the machine.
- Install the new shellplate included in the conversion kit by following these steps:
 - Align the shellplate with the machine's mounting points.
 - Securely fasten the shellplate using the provided hardware.
- Attach the powder funnel and locator buttons as per the kit instructions.
- Doublecheck that all components are properly secured before proceeding.

2. Usage:

- Follow the manufacturer's guidelines for operating your Dillon machine.
- Load the appropriate caliber cartridges as specified for the conversion kit.
- Monitor the reloading process closely to ensure proper functioning.
- If any issues arise during use, stop immediately and inspect the equipment.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Dillon Caliber Conversion Kit, please refer to the manufacturer's website or customer support resources. It is important to stay informed about product recalls and safety updates.

Conclusion

Following these safety instructions will help ensure a safe and effective reloading experience with your Dillon Caliber Conversion Kit. Always prioritize safety and consult the appropriate resources for further assistance.
