# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This product is designed to enhance your reloading experience by providing essential components for converting your reloading press to accommodate 7mm Merrill cartridges. It is important to use this kit safely and correctly to ensure optimal performance and to prevent accidents.

## General Safety Guidelines

To ensure your safety and the safety of others while using this product, please follow these general safety guidelines:

- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Regularly inspect the product for any signs of wear or damage before use.
- Store the product in a dry, safe place when not in use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

When using the Dillon Caliber Conversion Kit, please adhere to the following specific safety precautions:

- Ensure that the reloading press is turned off and unplugged before installation or adjustment.
- Wear appropriate safety gear, including safety glasses and gloves, when handling reloading components.
- Avoid using the product in wet or damp conditions to prevent electrical hazards.
- Do not exceed the recommended load limits for the reloading press or the components of this kit.
- Always doublecheck that all parts are securely installed before operating the reloading press.
- Be aware of your surroundings and ensure that no one is in the immediate area when operating the reloading press.

## Instructions for Installation and Usage

Follow these steps for the correct installation and usage of the Dillon Caliber Conversion Kit:

### 1. Preparation:

- Gather all necessary tools and components, including the shellplate, powder funnel, and locator buttons.
- Ensure that your reloading press is clean and free from any obstructions.

### 2. Installation:

- Unplug the reloading press to ensure safety during installation.
- Remove any existing shellplate from the reloading press.
- Attach the new shellplate from the conversion kit by aligning it with the press and securing it according to the manufacturer's instructions.
- Install the powder funnel into the shellplate, ensuring it is seated properly.

- Place the locator buttons in their designated positions on the shellplate.

### **3. Usage:**

- Once the installation is complete, plug in the reloading press and turn it on.
- Follow the reloading procedures specific to the 7mm Merrill cartridges, ensuring that all components are functioning correctly.
- Monitor the reloading process closely to identify any issues that may arise.

### **4. PostUsage:**

- After reloading, clean the equipment to maintain its performance and longevity.
- Store the conversion kit and any remaining components in a safe location.

## **Disposal Instructions**

When it comes time to dispose of the Dillon Caliber Conversion Kit or any of its components, please follow these guidelines:

- Dispose of packaging materials in accordance with local recycling regulations.
- If any parts are damaged or no longer usable, check with local waste management authorities for proper disposal methods.
- Never dispose of hazardous materials in regular trash. Ensure that all components are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the product packaging for contact information or consult the retailer from whom you purchased the product.

Thank you for prioritizing safety while enjoying your reloading experience!
