Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides important safety instructions and information to ensure the safe and effective use of your conversion kit. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Always read and understand all instructions before using the product.
- Use the product only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use.
- Ensure that all components are securely attached and functioning properly.
- Store the product in a dry, cool place away from direct sunlight and moisture.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates regularly on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the workspace is clean, dry, and welllit before beginning installation or usage.
- Always wear appropriate safety gear, including safety glasses and gloves, when operating the reloading press.
- Handle all reloading components, including powders and primers, with care and according to manufacturer instructions.
- Do not exceed the recommended load data for any reloaded ammunition.
- Keep the area free of distractions and do not leave the reloading process unattended.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of fire or explosion.
- Follow all local laws and regulations regarding the reloading and storage of ammunition.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that your Dillon RL550, RL450, RL300, AT500, or BL550 machine is powered off and unplugged.
2. **Component Check:** Verify that all components of the conversion kit are present: shellplate, powder funnel, and locator buttons.
3. **Remove Existing Parts:** Carefully remove any existing shellplate from the machine.
4. **Install Shellplate:** Attach the new shellplate by aligning it with the mounting points and securing it in place.
5. **Install Powder Funnel:** Insert the powder funnel into the appropriate position on the shellplate.
6. **Position Locator Buttons:** Place locator buttons as specified for your specific caliber to ensure proper alignment during operation.
7. **Final Check:** Ensure all components are securely attached and functioning properly before proceeding to use.

Usage

1. **Setup:** Set up your reloading press according to the manufacturer's instructions.
2. **Loading:** Follow the recommended procedures for loading ammunition, ensuring that you use the correct

components for your caliber.

3. **Operation:** Operate the reloading press smoothly and consistently, following all safety precautions.
4. **Monitoring:** Continuously monitor the reloading process for any irregularities or issues.

Disposal Instructions

- Dispose of any unused or expired reloading components according to local regulations.
- Do not dispose of hazardous materials in regular waste. Check for local hazardous waste disposal options.
- Recycle packaging materials when possible.

Contact Information for Further Support

For any questions or support regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please consult your local Dillon distributor or refer to the official Dillon website for resources and assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety.
