Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides important safety instructions to ensure the safe use of this product. Please read this manual carefully before using the kit to understand how to operate it safely and effectively.

General Safety Guidelines

- Always follow the manufacturer's instructions for your reloading press and accessories.
- Ensure that your work area is clean, dry, and welllit.
- Keep all reloading components out of reach of children and unauthorized individuals.
- Wear appropriate safety gear, including safety glasses and hearing protection, when operating your reloading press.
- Regularly inspect your reloading equipment for wear and damage.
- Do not modify any components of the conversion kit or reloading press.
- In case of an emergency, know the location of the nearest first aid kit and emergency contacts.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury from improper handling of reloading components.
 - Risk of damage to the reloading press if the conversion kit is not installed correctly.
- **Avoiding Hazards:**
 - Always ensure the reloading press is in the "off" position before installing or removing the conversion kit.
 - Use the correct shellplate and powder funnel for the specific caliber being reloaded.
 - Follow the recommended torque specifications when securing components.
 - Do not overload the reloading press beyond its specified limits.
 - Keep fingers and hands clear of moving parts during operation.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is turned off and unplugged.
- Remove the existing shellplate and powder funnel from the reloading press.
- Install the new shellplate by aligning it with the press and securing it according to the manufacturer's specifications.
- Attach the powder funnel to the new shellplate, ensuring it is properly seated.
- Install locator buttons as required for your specific setup.
- Doublecheck all components to ensure they are securely attached.

2. Usage:

- Before starting the reloading process, verify that all components are correctly installed.
- Use the appropriate caliber of brass and powder for the reloading process.
- Follow all reloading data and guidelines provided by reputable sources.
- Monitor the reloading process closely to ensure proper function and safety.
- After completing the reloading session, clean the equipment to prevent residue buildup.

Disposal Instructions

- Dispose of any unused or damaged reloading components according to local regulations.
- Do not dispose of hazardous materials in regular trash. Check with local waste management for proper disposal methods.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for prioritizing safety while using the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit. Your diligence contributes to a safer reloading experience.
