# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for 308 Marlin Express. This guide provides essential safety instructions to ensure the safe and effective use of your conversion kit. Please read this manual thoroughly before use to understand the safety guidelines, installation procedures, and proper usage.

## General Safety Guidelines

- Ensure that all components are compatible with your reloading press model.
- Always wear appropriate safety gear, including safety glasses and gloves, when using the conversion kit.
- Keep the workspace clean and welllit to prevent accidents.
- Store the kit in a dry, secure location, out of reach of children and pets.
- Regularly inspect the kit for any signs of wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Do not exceed the recommended load data for the 308 Marlin Express cartridge.
- Always doublecheck that the shellplate and powder funnel are securely attached before starting the reloading process.
- Avoid distractions while reloading to maintain focus and prevent mistakes.
- Never leave the reloading press unattended while in operation.
- In case of a malfunction or if you suspect a hazard, stop using the kit immediately and consult a qualified technician.

## Instructions for Installation and Usage

### 1. Installation of Shellplate

- Ensure the reloading press is in the upright position and unplugged.
- Remove the existing shellplate if necessary by loosening the retaining screws.
- Align the new shellplate for the 308 Marlin Express with the press and secure it using the retaining screws.
- Check that the shellplate rotates freely.

### 2. Installation of Powder Funnel

- Remove the existing powder funnel from the press.
- Insert the new powder funnel into the designated slot.
- Ensure it is seated properly and secure.

### 3. Locator Buttons

- Install the locator buttons by placing them in their respective positions on the shellplate.
- Ensure they are firmly in place to guarantee proper alignment during reloading.

### 4. Reloading Process

- Prepare your workspace with all necessary materials, including brass cases, bullets, and powder.
- Follow the reloading data specific to the 308 Marlin Express, ensuring you adhere to recommended safety practices.
- Monitor the reloading process closely, checking for any irregularities.

#### **5. PostUse Care**

- After reloading, clean the components of the kit to remove any residue.
- Store the conversion kit in a safe location to protect it from damage.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials according to local regulations.
- Do not discard the conversion kit in regular household waste. Instead, follow local guidelines for the disposal of metal and plastic components.
- Ensure that all hazardous materials, such as powders or primers, are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the appropriate contact channels provided by the manufacturer or retailer where you purchased the product.
