# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically the 33 Nosler variant. This guide provides important safety information and instructions to ensure the safe use of this product. Please read and understand all instructions before using the kit.

## General Safety Guidelines

- Ensure that the conversion kit is compatible with your reloading machine model.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Keep the work area clean and free of unnecessary clutter to prevent accidents.
- Store all components in a secure location, away from children and pets.
- Do not use the kit for any purpose other than its intended use.
- Regularly inspect the kit for wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Handle all reloading components with care to avoid spills and accidents.
- Always follow the manufacturer's instructions when loading ammunition.
- Ensure that the shellplate is securely attached before operation.
- Do not exceed recommended powder charges as specified in reliable reloading manuals.
- Be aware of the potential hazards associated with the materials you are working with, including gunpowder and primers.
- Keep a fire extinguisher nearby and know how to use it in case of an emergency.
- Avoid distractions while reloading to maintain focus and accuracy.

## Instructions for Installation and Usage

1. **Unpack the Kit:** Carefully remove all components from the packaging. Ensure that you have the shellplate, powder funnel, and locator buttons.
2. **Check Compatibility:** Confirm that the kit is suitable for your Dillon reloading machine (RL300, RL450, RL550, AT500, or BL550).
3. **Install the Shellplate:**
  - Remove the existing shellplate from your machine.
  - Align the new shellplate with the mounting points and secure it in place.
4. **Install the Powder Funnel:**
  - Remove the current powder funnel if necessary.
  - Insert the new powder funnel into the designated opening on the shellplate.
5. **Position Locator Buttons:**
  - Place the locator buttons in their respective positions on the shellplate to ensure proper alignment of cases during reloading.
6. **Check Installation:** Verify that all components are securely installed and correctly positioned.
7. **Reloading Process:**
  - Follow your standard reloading procedures, ensuring that you adhere to all safety guidelines.
  - Monitor the reloading process closely to detect any irregularities.
8. **PostUse Inspection:** After reloading, inspect the kit for any signs of wear or damage and clean as necessary.

## **Disposal Instructions**

- Dispose of any unused components or packaging materials in accordance with local regulations.
- Do not dispose of hazardous materials, such as gunpowder or primers, in regular waste. Follow local hazardous waste disposal guidelines.
- Recycle materials where possible, such as cardboard and plastic.

## **Contact Information for Further Support**

For questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Dillon Caliber Conversion Kit. Always prioritize safety and stay informed about best practices in reloading.
