Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides important safety instructions to ensure the safe and effective use of your conversion kit. Please read this manual carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure that the conversion kit is compatible with your reloading press model (RL300, RL450, RL550, AT500, or BL550).
- Always use the conversion kit in accordance with the manufacturer's instructions.
- Keep the conversion kit and all associated tools out of reach of children and vulnerable individuals.
- Inspect the conversion kit for damage or wear before each use. Do not use if any components appear damaged.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the conversion kit.
- Do not attempt to modify or alter any components of the conversion kit.
- Ensure that the work area is clean, welllit, and free from distractions.
- Never leave the conversion kit unattended while in use.
- Be aware of your surroundings and ensure that others are at a safe distance when operating the reloading press with the conversion kit installed.
- Follow all local laws and regulations regarding ammunition reloading and safety practices.

Instructions for Installation and Usage

Installation

1. Prepare the Reloading Press:

- Ensure that the reloading press is unplugged and not in use.
- Remove any existing shellplate from the press.

2. Install the Shellplate:

- Select the appropriate shellplate for the 300 WSM caliber from the conversion kit.
- Align the shellplate with the mounting area on the reloading press.
- Secure the shellplate in place according to the manufacturer's instructions.

3. Install the Powder Funnel:

- Choose the powder funnel that corresponds with the 300 WSM caliber.
- Insert the powder funnel into the designated location on the shellplate.

4. Attach Locator Buttons:

- Install the locator buttons as per the instructions provided in the conversion kit.

- Ensure that they are firmly in place to prevent misalignment during operation.

Usage

- Before starting the reloading process, doublecheck that all components are securely installed.
- Follow the specific reloading procedures for the 300 WSM caliber, adhering to recommended powder charges and bullet types.
- Monitor the reloading process closely to identify any irregularities or issues.
- After reloading, inspect each round for consistency and safety before storage or use.

Disposal Instructions

- Dispose of any defective or damaged components of the conversion kit in accordance with local regulations.
- Recycle materials where possible, following your local waste management guidelines.
- Do not discard the conversion kit in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or further assistance, please reach out to the appropriate support channels as indicated on the product packaging or the manufacturer's website.

Important Note: This safety instruction manual is intended to provide essential safety guidelines for the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. Always prioritize safety and adhere to the guidelines set forth in this document to ensure a safe reloading experience.
