Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Dillon RL 550 Caliber Conversion Kit 6mm TCU Safety Instruction Guide

Introduction

Thank you for purchasing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this manual carefully before using the kit.

General Safety Guidelines

- Always ensure that the reloading press is in good working condition before use.
- Keep the reloading area clean and organized to prevent accidents.
- Store all components in a safe, dry location away from children and pets.
- Wear appropriate safety gear, including safety glasses and gloves, when handling reloading materials.
- Ensure proper ventilation in the workspace to avoid inhalation of dust or fumes.
- Be aware of your surroundings and avoid distractions while reloading.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation may lead to malfunction or injury.
- Using incorrect components may cause damage to the reloading press or personal injury.
- Always verify that the cartridge you are using is compatible with the kit.

- **Avoiding Hazards:**

- Follow the installation instructions carefully to prevent accidental damage.
- Do not attempt to modify or alter any components of the kit.
- Keep hands and tools clear of moving parts during operation.
- Ensure that all safety features of the reloading press are functional before use.

- **Audience Specific Warnings:**

- This product is intended for adult users only. Keep out of reach of children and unauthorized users.
- Ensure that only trained individuals operate the reloading press and use the conversion kit.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:**

- Ensure that the reloading press is unplugged and in a safe position.
- Gather all necessary tools and components for installation.

2. **Shellplate Installation:**

- Remove the existing shellplate from the reloading press.
- Align the new shellplate with the mounting points on the press.
- Secure the shellplate using the provided screws, ensuring a tight fit.

3. Powder Funnel Installation:

- Remove any existing powder funnel from the press.
- Insert the new powder funnel into the designated opening on the shellplate.
- Ensure it is seated properly to avoid leaks during operation.

4. Locator Buttons Installation:

- Identify the locator button positions on the shellplate.
- Insert the locator buttons into their respective holes, ensuring they click into place.

5. Final Checks:

- Verify that all components are securely installed.
- Perform a visual inspection of the reloading press to ensure no parts are loose or damaged.

Usage Instructions

- Before starting the reloading process, doublecheck that the correct cartridge (6mm TCU) is being used.
- Follow the reloading press's operational manual for guidance on loading and unloading cartridges.
- Monitor the reloading process closely to ensure consistent results and safe operation.
- After use, clean the reloading press and components to maintain optimal performance.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Recycle packaging materials where possible.
- Ensure that any hazardous materials are disposed of safely and responsibly.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or contact your local distributor. Always ensure you have the latest information regarding product recalls and safety notices through the EU Safety Gate platform.
