Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety instructions and usage information to ensure safe and effective operation of your conversion kit. Please read this document carefully before use.

General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines when using the product.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the conversion kit and all related components out of reach of children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling components.
- Regularly inspect the conversion kit for signs of wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Before starting, ensure that the reloading press is properly secured and stable.
- Do not exceed the recommended specifications for the components used with the conversion kit.
- Always doublecheck that the shellplate and powder funnel are correctly installed before use.
- Avoid wearing loose clothing or jewelry that may become entangled in the equipment.
- Do not consume food or beverages while operating the reloading press.
- Store the conversion kit in a cool, dry place when not in use.

Instructions for Installation and Usage

1. Installation

- Unpack all components of the conversion kit: shellplate, powder funnel, and locator buttons.
- Refer to the reloading press's manual for specific instructions on removing and replacing components.
- Carefully install the shellplate by aligning it with the indexing mechanism of the reloading press.
- Attach the powder funnel to the shellplate, ensuring a snug fit.
- Install locator buttons as per the manufacturer's instructions to ensure proper alignment.

2. Usage

- Set up your reloading press according to the specifications in the user manual.
- Load the appropriate caliber of brass cases into the shellplate.
- Follow the reloading process as outlined in the Dillon reloading press manual, ensuring that each step is performed correctly.
- Monitor the operation closely to identify any irregularities or potential issues.
- After completing your reloading session, clean the components and the work area to maintain a safe environment.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of hazardous materials in regular trash; contact local waste management for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please contact the manufacturer directly through their official communication channels.

Thank you for prioritizing safety while using the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. Your adherence to these guidelines helps ensure a safe reloading experience.
