# Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

## Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically designed for the 376 Steyr cartridge. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your conversion kit. Please read this document carefully before installation and use to understand the potential hazards and necessary precautions.

## General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always read and understand the user manual before operating the reloading press or any associated equipment.
- Use the conversion kit only for its intended purpose as outlined in the product specifications.
- Keep the workspace clean and organized to avoid accidents.
- Store the kit and all components out of reach of children and pets.
- Inspect the conversion kit for any damage or wear before each use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

When using the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please observe the following specific safety precautions:

- Ensure that the reloading press is turned off and unplugged before installing or removing the conversion kit.
- Use appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Avoid wearing loose clothing or jewelry that could become caught in the machinery.
- Do not attempt to modify the conversion kit or any components.
- Always follow the manufacturer's instructions for the installation and use of the conversion kit.
- Be aware of the potential hazards associated with reloading ammunition, including exposure to lead and other chemicals.

## Instructions for Installation and Usage

Follow these stepbystep instructions for the safe installation and usage of the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit:

### 1. Preparation:

- Gather all necessary tools and components, including the shellplate, powder funnel, and locator buttons.
- Ensure your reloading press is clean and free of debris.

### 2. Installation:

- Turn off and unplug the reloading press.
- Remove any existing shellplate from the press.
- Install the new shellplate that is included in the conversion kit by aligning it with the press and securing it in place according to the user manual.

- Attach the powder funnel to the shellplate, ensuring it is properly seated.
- Insert the locator buttons into their designated positions on the shellplate.

### **3. Usage:**

- Before reloading, doublecheck that all components are securely attached and functioning correctly.
- Follow the reloading process as outlined in the user manual, ensuring you are using the correct 376 Steyr cartridge specifications.
- Monitor the reloading process closely for any signs of malfunction or irregularity.

### **4. PostUse:**

- After use, clean the conversion kit and reloading press to remove any residue.
- Store the conversion kit in a safe location, away from children and pets.

## **Disposal Instructions**

When disposing of the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please follow these guidelines:

- Do not dispose of any components in regular household waste.
- Check local regulations for proper disposal methods for ammunition components, including lead and other materials.
- If the kit is damaged or no longer usable, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's website or user manual for contact information and further support.

By following these safety instructions, you can help ensure a safe and effective reloading experience. Always prioritize safety and be aware of the potential risks associated with reloading ammunition. Thank you for your attention to these important guidelines.
