Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for purchasing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically designed for the 458 SOCOM cartridge. This safety instruction guide aims to provide you with essential information to ensure the safe and effective use of this product. Please read this guide carefully before using the kit.

General Safety Guidelines

- Always follow the manufacturer's instructions when using the Dillon RL550 series machines.
- Ensure that the workspace is clean, welllit, and free from any distractions while operating the reloading press.
- Keep this product and all associated components out of reach of children and unauthorized users.
- Do not use the conversion kit for any purpose other than its intended use.
- Regularly inspect all components for signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Be aware of the specific hazards associated with the reloading process, including handling of powders and primers.

Specific Safety Precautions for Use

- Ensure the reloading press is securely mounted and stable before beginning any operations.
- Always doublecheck that the correct shellplate is installed for the caliber you are reloading.
- Avoid overloading the powder funnel; measure powder charges carefully to prevent dangerous overcharges.
- Do not attempt to modify or alter any components of the conversion kit.
- In case of a malfunction or accident, cease operation immediately and follow proper emergency procedures.
- Store all components in a dry and secure location when not in use.

Instructions for Installation and Usage

1. Installation of the Conversion Kit:

- Unplug the reloading press from the power source before installation.
- Remove the existing shellplate from the reloading press.
- Install the new shellplate designed for the 458 SOCOM cartridge by aligning it correctly with the press.
- Secure the shellplate in place according to the manufacturer's instructions.
- Attach the powder funnel and locator buttons as per the installation guide provided.

2. Usage of the Conversion Kit:

- Before starting, ensure that all components are correctly installed and secure.
- Load the appropriate amount of powder into the powder funnel.
- Insert the cartridge case into the shellplate and follow the reloading process as per the Dillon RL550 series instructions.
- Monitor the reloading process closely to ensure consistent and safe operation.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw away the conversion kit in regular trash; check with local waste management for proper disposal methods.
- Ensure that all hazardous materials related to reloading, such as powders and primers, are disposed of safely and responsibly.

Contact Information for Further Support

For further support, please refer to the manufacturer's website or user manual for detailed information regarding safety, usage, and troubleshooting. Always ensure you have access to a reliable source of information to assist you in the safe operation of your Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit.

By following these safety instructions, you can help ensure a safe and enjoyable reloading experience. Thank you for your attention to these important safety guidelines.
