Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers 6mm PPC Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers, specifically designed for the 6mm PPC cartridge. This guide provides essential safety instructions to ensure the safe and effective use of your conversion kit. Please read this document thoroughly before installation and use.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always follow the manufacturer's instructions for use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the kit for any damage or defects before use.
- Use the product only for its intended purpose.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation and usage.
- Report any unsafe product conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure the reloading press is securely mounted and stable before use.
- Do not exceed the recommended load limits for the Dillon RL550 / RL450 / RL300 / AT500 / BL550 machines.
- Avoid distractions while using the reloading kit to maintain focus and safety.
- Store all components in a dry, cool place to prevent deterioration.
- Keep the work area clean and organized to avoid accidents.
- Follow proper procedures for handling and storing ammunition components.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Gather all necessary tools and components: shellplate, powder funnel, and locator buttons.
- Ensure the reloading press is unplugged and in a safe condition before starting.

2. Install the Shellplate:

- Remove the existing shellplate from the press.
- Align the new shellplate with the mounting points on the press.
- Secure the shellplate using the appropriate screws or fasteners.

3. Install the Powder Funnel:

- Remove any existing powder funnel from the press.
- Insert the new powder funnel into the designated location.

- Ensure it is securely fastened and properly aligned.

4. Install Locator Buttons:

- Identify the locations for the locator buttons on the shellplate.
- Insert the locator buttons into their respective positions.
- Ensure they are seated properly and securely.

Usage Instructions

- Before starting the reloading process, ensure all components are correctly installed and secure.
- Follow the specific reloading procedures for the 6mm PPC cartridge as outlined in your reloading manual.
- Regularly check for any signs of wear or damage during use and replace components as necessary.
- After reloading, clean the equipment to maintain its functionality and safety.

Disposal Instructions

When disposing of the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please follow these guidelines:

- Do not dispose of the kit in regular household waste.
- Check local regulations for proper disposal methods for reloading equipment and components.
- If the kit is no longer usable, consider recycling metal and plastic components where applicable.

Contact Information for Further Support

For any inquiries or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please reach out to your local Dillon representative or visit the Dillon website for further assistance.

Conclusion

Your safety is our priority. By following these guidelines and instructions, you can ensure a safe and effective reloading experience with your Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for 6mm PPC. Thank you for your attention to safety.
