Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

Introduction

Thank you for choosing the Dillon Caliber Conversion Kit for your reloading needs. This guide provides essential safety instructions to ensure the safe use and handling of your conversion kit. Please read this document carefully before installation and use.

General Safety Guidelines

- Always read and understand the product manual before using the conversion kit.
- Ensure that you are familiar with the operation of your Dillon reloading press before installing the conversion kit.
- Keep the conversion kit and all reloading components out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Regularly inspect your reloading press and conversion kit for wear or damage. Do not use damaged components.
- Follow all local laws and regulations regarding ammunition reloading and storage.

Specific Safety Precautions for Use

- Ensure that the caliber conversion kit is compatible with your specific Dillon reloading press model (RL300, RL450, RL550, AT500, or BL550).
- Always doublecheck that the shellplate and powder funnel are securely installed before beginning the reloading process.
- Avoid overfilling the powder funnel. Follow recommended powder measurements to prevent spills and potential hazards.
- Do not leave the reloading press unattended while in operation.
- Store all reloading materials, including powders and primers, in a cool, dry place, away from direct sunlight and heat sources.
- Be aware of the potential hazards associated with handling gunpowder and primers. Follow safe handling practices at all times.

Instructions for Installation and Usage

1. Installation of the Conversion Kit:

- Gather all necessary tools and components before beginning installation.
- Ensure that the reloading press is unplugged and in a safe condition before starting.
- Remove any existing shellplate and powder funnel from the reloading press.
- Install the new shellplate by aligning it with the press and securing it according to the manufacturer's instructions.
- Insert the powder funnel into the designated opening and ensure it is properly seated.
- Install the locator buttons as specified in the product manual.

2. Usage of the Conversion Kit:

- Once the conversion kit is installed, verify that all components are secure and functioning correctly.

- Follow the recommended procedures for reloading the specific caliber (7 x 57 mm R) using the conversion kit.
- Monitor the reloading process closely to ensure that no malfunctions occur.
- After completing the reloading session, clean the reloading press and conversion kit to maintain optimal performance.

Disposal Instructions

- Dispose of any unused or expired reloading materials according to local regulations and guidelines.
- Do not throw away the conversion kit in regular household waste. Check with local authorities for proper disposal methods for reloading components.
- Keep the environment in mind when disposing of any materials related to reloading.

Contact Information for Further Support

For any inquiries or safety concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

Thank you for prioritizing safety while using the Dillon Caliber Conversion Kit. By following these guidelines, you contribute to a safer reloading experience.
