Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This guide provides essential safety instructions to ensure the safe use of your reloading equipment. Please read this manual carefully before using the product.

General Safety Guidelines

To ensure your safety and the safety of others while using this product, please adhere to the following guidelines:

- Always follow the manufacturer's instructions and guidelines.
- Ensure that your workspace is clean, organized, and free from distractions.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Keep the reloading area wellventilated to avoid inhalation of dust or fumes.
- Store all reloading components, including powders and primers, in a safe and secure location away from children and pets.
- Regularly inspect your reloading equipment for any signs of wear or damage.
- Do not use the kit for any purpose other than its intended use.
- Be aware of your surroundings and ensure that no unauthorized persons are present when using reloading equipment.

Specific Safety Precautions for Use

When using the Dillon Caliber Conversion Kit, please observe the following precautions:

- Ensure the reloading press is securely mounted to a stable surface before use.
- Verify that all parts of the conversion kit are complete and undamaged before installation.
- Do not exceed the recommended load limits for your specific caliber.
- Always doublecheck powder charges and bullet seating depths before loading.
- Avoid distractions while reloading, and never leave the process unattended.
- Keep a fire extinguisher nearby in case of emergencies related to flammable materials.
- If you experience any issues during reloading, stop immediately and assess the situation.

Instructions for Installation and Usage

Follow these steps to properly install and use the Dillon Caliber Conversion Kit:

1. Preparation:

- Gather all necessary tools and components.
- Ensure that your reloading press is clean and free of debris.

2. Installation:

- Remove the existing shellplate from the press.
- Install the new shellplate included in the conversion kit by aligning it with the press and securing it in place.
- Attach the powder funnel to the press, ensuring it is properly seated.

- Install the locator buttons to assist in the alignment of cases during reloading.

3. Usage:

- Set up your workspace with all necessary materials within reach.
- Begin the reloading process by following the specific instructions for your chosen caliber.
- Monitor the reloading process closely, making adjustments as necessary.
- After completing the reloading session, clean your equipment to maintain its performance.

Disposal Instructions

When disposing of any reloading materials or components, please follow these guidelines:

- Dispose of empty containers and packaging in accordance with local regulations.
- Do not dispose of hazardous materials, such as primers or powders, in regular trash. Contact local waste management services for proper disposal methods.
- Recycle materials whenever possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's official contact channels. It is important to have access to support for any safety inquiries or product issues.

Thank you for your attention to these safety instructions. Your safety is paramount, and following these guidelines will help ensure a safe and enjoyable reloading experience.
