Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers Safety Instructions

Introduction

Thank you for choosing the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit for Rifle Calibers. This product is designed to enhance your reloading experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading machine before using this conversion kit.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading components.
- Keep the workspace clean and organized to prevent accidents.
- Store all components of the conversion kit in a secure location, out of reach of children and pets.
- Regularly inspect the conversion kit for any signs of damage or wear before use.
- Always follow the manufacturer's instructions and recommendations for your specific reloading machine.

Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 30 Nosler cartridge.
- Avoid using the conversion kit with incompatible reloading machines.
- Ensure that the shellplate is securely attached before starting the reloading process.
- Use the powder funnel carefully to avoid spills and ensure accurate powder measurements.
- Keep hands and tools away from moving parts during operation to prevent injury.
- If you experience any unusual sounds or malfunctions during use, stop immediately and inspect the machine and conversion kit.

Instructions for Installation and Usage

Installation

1. **Gather Required Tools:** Ensure you have all necessary tools ready for installation.
2. **Remove Existing Shellplate:** If applicable, remove the current shellplate from your reloading machine.
3. **Install New Shellplate:**
 - Align the new shellplate with the mounting points on your reloading machine.
 - Securely attach the shellplate, ensuring it is fastened correctly.
4. **Add Locator Buttons:**
 - Insert the locator buttons into their designated positions on the shellplate.
5. **Install Powder Funnel:**
 - Attach the powder funnel to the shellplate, ensuring it is securely in place.

Usage

1. **Setup:** Ensure that the reloading machine is set up correctly according to the manufacturer's guidelines.
2. **Load Components:**
 - Place the appropriate components for the 30 Nosler cartridge into the reloading machine.
 - Verify that all components are properly seated and secure.
3. **Start Reloading:**
 - Begin the reloading process, monitoring for any irregularities.

- Maintain focus and avoid distractions while operating the machine.

4. **PostUse Inspection:**

- After reloading, inspect the conversion kit and machine for any signs of wear or damage.
- Clean the components as necessary to maintain functionality.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local authorities for guidance on the proper disposal of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the Dillon RL550 / RL450 / RL300 / AT500 / BL550 Caliber Conversion Kit, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Dillon conversion kit. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important guidelines.
